

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Working with [§ 47(2)(b) - Contrary to Public Interest] - Student grabbed my lanyard and pulled, scratched [§ 47(2)(b) - Contrary to Public Interest] side of my face/eye	Laceration not involving amputation	Face	2020/21	s.47(3)(b) - Contrary to Public Interest
I had returned from class (lesson 1) and another teacher came asking who to ring as a student outside was behaving violently. I went to the door to see teacher attempting to restrain you from physically attacking students. I got her to call whomever she could and went to assist teacher in restraining student. student was very angry and verbally and physically abusive. With teacher on one side and me on the other we restricted student movement in order to protect students nearby. student was aggressively attempting to remove self and, in the process, kicked me strongly with your heels four times in the shins. teacher was also receiving kicks as student tried forward kicks towards him. teacher came [§ 47(3)(b) - Contrary to Public Interest]	Contusion, bruising, superficial crush	Knee	2020/21	
able to remove you from this confrontation but, as you struggled you hit me solidly in the jaw with the heel of your hand. [§ 47(2)(b) - Contrary to Public Interest]				
[§ 47(3)(b) - Contrary to Public Interest]				
On this [§ 47(2)(b) - Contrary to Public Interest] at work pulling desks and hurt her [§ 47(2)(b) - Contrary to Public Interest] wrist while pulling the desk.	Tendinitis	Wrist	2020/21	
Trying to calm a student who was fighting with another student and was hit in the jaw	Contusion, bruising, superficial crush	Mouth	2020/21	
hot water onto hand	Hot burn	Hand	2020/21	
Human bite to forearm	Laceration not involving amputation	Forearm	2020/21	
Threw [§ 47(2)(b) - Contrary to Public Interest] leg out and twisted [§ 47(2)(b) - Contrary to Public Interest] leg	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Continuing pervasive harassment and bullying by senior staff member	Mental diseases, unspecified	Psychological system in general	2020/21	
Repeated walking up/down stairs on school grounds	Trauma to muscles/tendon unspecified	Knee	2020/21	
Developed sudden pain back of [§ 47(2)(b) - Contrary to Public Interest] foot after pushing a heavy wheelchair.	Trauma to muscles/tendon unspecified	Foot	2020/21	
Student grabbed [§ 47(2)(b) - Contrary to Public Interest] finger - bent backwards	Trauma to muscles/tendon unspecified	Hand, fingers and thumb - unspecified	2020/21	
Child jumper off step in pool, collided with eye	Contusion, bruising, superficial crush	Eye - unspecified	2020/21	
Workplace bullying/harassment	Post-traumatic stress disorder	Psychological system in general	2020/21	
Tripped over at school and landed on Knees, hand, chest and chin	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
[§ 47(2)(b) - Contrary to Public Interest] kicked at close range hit the [§ 47(2)(b) - Contrary to Public Interest] back of the head unexpectedly.	Trauma to joints/ligaments not classified	Neck bones, muscles and tendons	2020/21	
stepping down from a platform.	Contusion, bruising, superficial crush	Lower back	2020/21	
breaking up fight between students, bent her wrist	Soft tissue due to trauma/unknown mech.	Wrist	2020/21	
Tripped over coiled wire used by tradesman while walking up ramp hit head on rail and twisted [§ 47(2)(b) - Contrary to Public Interest] wrist when grabbing onto the railing during fall.	Soft tissue due to trauma/unknown mech.	Wrist	2020/21	
Trying to bend and lift some [§ 47(2)(b) - Contrary to Public Interest]	Trauma to joints/ligaments unspecified	Back - unspecified	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Student was late for class. When I asked him to wait and attempted to direct him to where he should be and talk about punctuality. He began to walk towards me into the room and barged past me. I was standing in doorway and put my arm up to stop him from entering, at which time he pushed my arm down and walked into me, making physical contact forcing me to step out of the way. I asked him to leave the room numerous times and he refused. I asked passing Teacher to escort him to Administration. He also refused to follow that Teachers' instructions. She contacted Head of Behaviour who came to class and withdrew the Student.	Anxiety/stress disorder	Psychological system in general	2020/21	s.47(3)(b) - Contrary to P
Bitten by student at school	Laceration not involving amputation	Forearm	2020/21	
Hit shoulder [redacted] side on door when trying to open at work.	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
Walked out of sliding door that steps down onto concrete platform - misjudged step and fell forward onto both knees and [redacted] shoulder/side	Superficial injury	Knee	2020/21	
tripped over	Bursitis	Shoulder	2020/21	
Slipped on stairs	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Large year [redacted] student threatening/stalking pt, screaming, cornered her at desk, threatened with physical harm with makeshift weapon.	Post-traumatic stress disorder	Psychological system in general	2020/21	
I was pulling [redacted] s.47(3)(b) - Contrary to Public I, it got caught, as I turned to pull it I injured my [redacted] leg- pain progressively got worse	Musculoskeletal/connect tissue unspecif.	Knee	2020/21	
Got scratched and punched by a student at work, injuries to [redacted] wrist [redacted] forearm [redacted] lumbar area [redacted] side of neck.	Superficial injury	Wrist	2020/21	
Stepping widely side to side rapidly	Trauma to muscles/tendon unspecified	Upper leg	2020/21	
A student grabbed the already injured wrist and pulled on it in an aggressive manner.	Anxiety/stress disorder	Psychological system in general	2020/21	
Being treated unfairly and bullied by employer	Anxiety/stress disorder	Psychological system in general	2020/21	
Fell forward onto face and body when rolled ankle caused by tripped by a student at work.	Muscle/tendon strain (non-traumatic)	Ankle	2020/21	
Accidental spill of hot soup	Hot burn	Hand	2020/21	
i was redirecting a student in the playground and he dropped to the ground whilst holding my [redacted] hand pulling my body abruptly	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
rolled [redacted] ankle while at work	Other fractures not elsewhere classified	Lower leg	2020/21	
Year [redacted] Student was attacking another Student - I intervened and restrained him, he lifted me off the ground and smashed me into glass door	Contusion, bruising, superficial crush	Ribs	2020/21	
I was walking students back to class, I rolled my ankle on a crack in the concrete and fell.	Other fractures not elsewhere classified	Elbow	2020/21	
Assault by student	Contusion, bruising, superficial crush	Face	2020/21	
I was walking up the stairs and tripped on the top step, falling to the ground. Landing on my knee, elbows and hands.	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
[redacted] arm wrenched by a student	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
I was attending a [redacted] s.47(3)(b) - Contrary to Public I and I felt a little dizzy and felt a bit sick, so I walked to the bathroom. On the way I fainted a little and got back up and once I entered the bathroom I fainted and must have knocked my head on the toilet or sink. I was woken up moments later by co-workers.	Fracture of vertebral column	Neck and trunk	2020/21	
I was out playing [redacted] s.47(3)(b) - with the students. I was tagged in the middle of the back and extended my stride and tore my [redacted] hamstring	Trauma to muscles/tendon unspecified	Upper leg	2020/21	
[redacted] s.47(3)(b) was in the town [redacted] s.47(3)(b) to do some training of the teacher in the school in that town. In the accommodation she was staying in, she has slipped as exiting the shower and fallen heavily and has fractured some ribs and has punctured a lung.	Other fractures not elsewhere classified	Ribs	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
I was teaching my class. A kid in my class has behaviour issues and he was sitting next to me. As I got up to write something on the board he has moved my chair and I've gone to sit back down and fell and smacked my back and head on the floor.	Trauma to joints/ligaments unspecified	Lower back	2020/21	s.47(3)(b) - Contrary to P
Strained calf walking down stairs.	Trauma to muscles/tendon unspecified	Lower leg	2020/21	
Setting up s.47(3)(b) - Contrary to P display in Staffroom, with a couple of other staff. Working at table, got a fright from someone at the door and stepped back and tripped over a chair.	Other fractures not elsewhere classified	Wrist	2020/21	
Landing on Knees and s.47(3)(b) - Contrary to P arm.				
running student collided with staff member at full speed	Soft tissue due to trauma/unknown mech.	Neck - other and multiple	2020/21	
Hit on the tope of the head by a chair that a student threw. The student was unsettled, picked up a chair and threiq it. s.47(3)(b) - Contrary to P was trying to intervene to protect other children when she got hit	Unspecified injuries	Head - unspecified locations	2020/21	
In manual arts building, timber falling on to face	Laceration not involving amputation	Face	2020/21	
Anon complaint made against teacher, working in toxic environment	Anxiety/stress disorder	Psychological system in general	2020/21	
Accidental contact student.	Soft tissue due to trauma/unknown mech.	Thumb	2020/21	
I was on yard duty, walking back to my area looking at the kids and not at the ground when I walked into a hole and felt sharp pain and a pop to my s.47(3)(b) - Contrary to P ankle	Trauma to muscles/tendon unspecified	Ankle	2020/21	
whilst assisting a student to walk, student has dropped to the ground pulling worker straining her back. Worker has then returned to work on s.47(3)(b) - Contrary to P and pain in upper back started.	Soft tissue due to trauma/unknown mech.	Back - other and multiple	2020/21	
Tripped over a cord	Bursitis	Shoulder	2020/21	
Light fell onto head	Superficial injury	Head - unspecified locations	2020/21	
Walking up the school driveway to access school and twisted knee and stumbled	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Bullying/Harrasment	Anxiety/stress disorder	Psychological system in general	2020/21	
Punched, strained fingers & shoulder	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
s.47(3)(b) - Contrary to P - strained upper back/shoulders/neck area	Trauma to muscles/tendon unspecified	Neck and shoulder	2020/21	
Accidentally fell and injured lower back.	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
Witness superior with medical condition	Anxiety/stress disorder	Psychological system in general	2019/20	
Fall onto s.47(3)(b) - Contrary to P side. Stepped on ? stone and became out of balance and fall onto s.47(3)(b) - Contrary to P side.	Soft tissue due to trauma/unknown mech.	Hand	2020/21	
I was assaulted by a student	Other diseases not elsewhere classified	Head and neck	2020/21	
Slipped at work	Soft tissue due to trauma/unknown mech.	Back - other and multiple	2020/21	
Foot caught on step and she fell	Other fractures not elsewhere classified	Wrist	2020/21	
Workplace stressors.	Anxiety/stress disorder	Psychological system in general	2020/21	
Claimant was in the process of playing sport with a group s.47(3)(b) - Contrary to P when she fell over on to her s.47(3)(b) - Contrary to P knee causing injury (Video evidence confirms event). Over the last 6 monyhs injury has not healed	Meniscus degenerate/detached/tear	Knee	2019/20	
Student kicked s.47(3)(b) - Contrary to P in the back of the knee	Unspecified injuries	Knee	2020/21	
catching a s.47(3)(b) - Contrary to P	Other fractures not elsewhere classified	Fingers	2020/21	
Fall while supervising class recreational activity	Soft tissue due to trauma/unknown mech.	Chest - other and multiple	2020/21	
fell forward down stairs at school - hyperextended rotated the knee	Meniscus degenerate/detached/tear	Knee	2020/21	
Reaching up above her head and across a bench to turn a switch on and off s.47(3)(b) - Contrary to P	Unspecified injuries	Shoulder	2020/21	
day				
Stepped on a rock on way to class	Unspecified injuries	Knee	2020/21	
Was walking with a student through a classroom, as turning a corner in the classroom the student cut across her path unexpectedly had to take an unexpected sideways step while off balance, landed on furniture and managed to brace so didn't fall all the way to the floor but did roll the ankle.	Unspecified injuries	Ankle	2020/21	
Kicked to the face.	Soft tissue due to trauma/unknown mech.	Face	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Year 6 child was attacking another child, a different child threw the attacking child to the ground to protect the other child, put arm around attacking child. He bit the 6.47 lower arm did break the skin and bled.	Laceration not involving amputation	Forearm	2020/21	s.47(3)(b) - Contrary to P
Walking, felt tear in calf	Trauma to muscles/tendon unspecified	Lower leg	2020/21	
student bumped into the 6.47 shoulder and felt sudden pain to 6.47 shoulder and wrist	Trauma to muscles/tendon not classified	Shoulder	2020/21	
constantly being called derogatory names	Anxiety/stress disorder	Psychological system in general	2020/21	
Due to stress at work	Depression	Psychological system in general	2020/21	
Difficulties with principal	Anxiety/stress disorder	Psychological system in general	2020/21	
Hit in the face by a student at work	Joint/other articular cartilage, unclass	Face	2020/21	
Sport lesson on school oval	Trauma to muscles/tendon unspecified	Ankle	2020/21	
A student punched her in the shoulder blade from behind quite hard.	Soft tissue due to trauma/unknown mech.	Upper back	2020/21	
I was on playground duty, there was an uneven wedge and I've stepped on it wrong and gone down.	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Student had the 6.47(3)(b) on while finger is in the bowl.	Laceration not involving amputation	Fingers	2020/21	
Separating students in a physical altercation	Trauma to muscles/tendon not classified	Shoulder	2020/21	
Separating fighting students, forced to intervene and separate fighting students, shoulder impacted against self				
Running	Trauma to joints/ligaments unspecified	Other specified multiple locations	2020/21	
Physical assault by a student.	Trauma to muscles/tendon not classified	Shoulder	2020/21	
Twisting.	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
Punched by student	Contusion, bruising, superficial crush	Forearm	2020/21	
Child kicked 6.47(2)(b) IW stopped ball from hitting another student	Other fractures not elsewhere classified	Fingers	2020/21	
A student bumped into me when running after a ball, 6.47 advised was a big bump and lost her footing. Almost fell over but caught herself from falling.	Back pain, lumbago, sciatica	Lower back	2020/21	
Sexual abuse and verbal abuse by co-worker	Depression	Psychological system in general	2019/20	
Pulled up a metal bar that didn't mo.	Soft tissue diseases due to non-traumati	Chest muscles	2020/21	
Walking down stairs, missed a step.	Trauma to tendon	Ankle	2020/21	
Making baskets	Musculoskeletal/connect tissue unspecif.	Hand, fingers and thumb - other and mult	2020/21	
Object thrown at hand	Unspecified injuries	Thumb	2020/21	
Understaffed, too much work, staff/bosses not supportive, mentally exhausted	Anxiety/stress disorder	Psychological system in general	2020/21	
Worker was training with year 6.47(2)(b) C Worker stepped back and heard pop, fell down and couldn't move.	Trauma to muscles/tendon not classified	Lower leg	2020/21	
Closing minibus door	Trauma to muscles/tendon not classified	Shoulder	2020/21	
Getting away from angry kid, twisted back causing injury	Back pain, lumbago, sciatica	Back - unspecified	2020/21	
Traumatic accumulative effect of stress in 6.47(2)(b) Contrary	Post-traumatic stress disorder	Psychological system in general	2019/20	
I was walking down the stairs and walked on uneven ground on grass during a fire drill and rolled my right ankle and heard it pop. I felt pain immediately.	Trauma to joints/ligaments unspecified	Ankle	2020/21	
moving classroom furniture - lifting large and small tables at school	Back pain, lumbago, sciatica	Lower back	2020/21	
Student- throwing and physically hurting worker	Anxiety/stress disorder	Psychological system in general	2020/21	
shoved in 6.47 shoulder and also door handle into right hand by student.	Neck pain, cervicalgia	Neck bones, muscles and tendons	2020/21	
Fell over	Other diseases of the eye	Eyeball	2019/20	
A young child rolled a 6.47(2)(b) in front of me as I turned to call a couple of boys over. I have pulled up suddenly and felt a lot of pain in the top of my 6.47 leg.	Musculoskeletal/connect tissue unspecif.	Upper leg	2020/21	
Going to collect a child from office, I wiped feet as it was wet outside and walked onto a lino that is on cement, slipped and went down landing on 6.47 hand side.	Trauma to joints/ligaments unspecified	Lower limb - unspecified locations	2020/21	
Child dropped to floor when holding my hand I tried to pull him up.	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
Work	Dislocation	Shoulder	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
during work hours on way back from office i saw an [§ 47(2)(b)] in the stairwell in [§ 47(3)(b) - Contrary to Public Interest] block. [§ 47(3)(b) - Contrary to Public Interest] then the parents attacked me (both parents) then i missed the step and fell down on elbow and knees	Unspecified injuries	Knee	2020/21	§.47(3)(b) - Contrary to Public Interest
needle stick injury	Laceration not involving amputation	Unspecified locations	2020/21	
Repeated looking downwards at laptop for marking/planning (several years)	Soft tissue due to trauma/unknown mech.	Neck and shoulder	2020/21	
a student grabbed and twisted the worker's wrist	Other fractures not elsewhere classified	Wrist	2020/21	
Running at school race	Trauma to muscles	Lower leg	2020/21	
Supporting/lifting a wheelchair bound student during a [§ 47(3)(b) - Co] - lifting out of [§ 47(2)(b)]	Back pain, lumbago, sciatica	Lower back	2020/21	
Accumulation of traumatic events	Post-traumatic stress disorder	Psychological system in general	2015/16	
I was teaching [§ 47(3)(b)] lessons.	Back pain, lumbago, sciatica	Lower back	2020/21	
[§ 47(3)(b) - Contr] Picked up a first aid kit and put it on a low bench.				
As I unzipped it my back locked.				
I was teaching and one of my Students grabbed the [§ 47(3)(b) - Contr] and started approaching me with [§ 47(3)(b) - Contrary to Public Interest] and as I backed away I tripped over on the path and fell onto my arm onto the concrete path.	Other fractures not elsewhere classified	Wrist	2020/21	
Student dropped a full metal water bottle on [§ 47] foot near [§ 47] toe.	Soft tissue due to trauma/unknown mech.	Toes	2020/21	
Hit by vinyl roll swung at her by [§ 47] year old student.	Trauma to muscles/tendon unspecified	Thumb	2020/21	
Rolled [§ 47] Ankle when playing [§ 47] with one of the [§ 47] students	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Pulled hamstring while running in [§ 47(3)(b) - Contrary to Public Interest] fell forward landing on collarbone	Other fractures not elsewhere classified	Ribs	2020/21	
Struck by a student while on playground duty. - An aggressive student approached myself and another [§ 47(3)(b) - Contr] while on playground duty and struck my [§ 47] hand and [§ 47] arm several times as I protected another child and moved to safety.	Unspecified injuries	Hand	2020/21	
Stepped in hole while on [§ 47(2)(b)]	Unspecified injuries	Lower back	2020/21	
Playing [§ 47] with Students - fell on ball and rolled [§ 47] ankle	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Pulled myself [§ 47(3)(b)] and kneeling on foam mat - [§ 47(3)(b) - Contrary to Public Interest] and lifted/twisted her, felt twinge lower back	Back pain, lumbago, sciatica	Back - unspecified	2020/21	
Handling bleeding child - Skin contact with blood from child who had been cut by [§ 47(3) - exposure to possible blood borne illness [§ 47(3)(b) - Contrary to Public Interest] wrist at the time	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
verbal and physical abuse by student	Anxiety/stress disorder	Psychological system in general	2020/21	
Kneeling for [§ 47(3)(b)] - stood up and felt pain in knee	Trauma to muscles/tendon unspecified	Knee	2020/21	
rolled ankle when tripping over hose.	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Developed pain in the lower back after lifting a school child, pain radiates down [§ 47] leg	Trauma to joints/ligaments unspecified	Lower back	2020/21	
struck by school bag	Soft tissue due to trauma/unknown mech.	Neck and shoulder	2020/21	
Workplace bullying and mistreatment	Anxiety/stress disorder	Psychological system in general	2020/21	
Bullying / intimidation by colleague and increased work load	Anxiety/stress disorder	Psychological system in general	2019/20	
Rolled ankle while walking around on unstable ground	Trauma to joints/ligaments unspecified	Ankle	2020/21	
was being pulled up stairs in a non-aggressive manner	Unspecified injuries	Ribs	2020/21	
Needing to talk a lot as part of OC	Other diseases of respiratory system	Respiratory system in general	2020/21	
Fell down stairs	Trauma to joints/ligaments unspecified	Ankle	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Fall at work Supporting Student [§ 47(2)(b) - Contrary to Public Interest] - have been doing this all year but symptoms worsened on [§ 47(2)(b)] tripped on uneven pavers [§ 47(2)(b)] One Student became heightened after I told him to exit an inappropriate website - he jumped up, shoulder slammed/tackled me with the impact to my [§ 47(2)(b)] shoulder	Back pain, lumbago, sciatica Trauma to joints/ligaments unspecified Trauma to muscles/tendon not classified Trauma to muscles/tendon unspecified	Lower back Lower back Ankle Shoulder	2020/21 2020/21 2020/21 2020/21	s.47(3)(b) - Contrary to
Consistent violence and verbal abuse from students. Having to place students into lockdown due to another student frequently. Physical contact from students. Details of incident [§ 47(3)(b)]	Anxiety/stress disorder	Psychological system in general	2020/21	
[§ 47(3)(b) - Contrary to Public Interest]				
supervising a student then I fell over backward in an awkward position fell down steps I was supervising children back to the school bus when I slipped on the concrete footpath landing on my wrist which jarred my [§ 47(2)(b)] elbow. Student kicked [§ 47(2)(b)] into my back I was [§ 47(2)(b) - Contrary to Public Interest] up from the bus through the school to the class room I was on the phone and a student pushed the phone into my ear Slipped on wet surface Received email from Deputy Principal requesting meeting to discuss concern/complaint from Parent - caused stress as have never been asked this before	Trauma to joints/ligaments unspecified Meniscus degenerate/detached/tear Other fractures not elsewhere classified Soft tissue due to trauma/unknown mech. Trauma to muscles/tendon unspecified Soft tissue due to trauma/unknown mech. Muscle/tendon strain (non-traumatic) Anxiety/stress disorder	Knee Knee Wrist Upper back Lower back Ear Foot Psychological system in general	2020/21 2020/21 2020/21 2020/21 2020/21 2020/21 2020/21 2020/21	
Tripped on a bolt sticking up in concrete. Fell forward and to right, but didn't fall to ground	Trauma to muscles/tendon unspecified	Unspecified locations	2020/21	
Worker went to sit on chair and the chair moved and it banged against the wall and bounced back and hit worker in the back - worker then fell on to the chair. Not specified	Unspecified injuries Laceration not involving amputation	Back - unspecified Unspecified locations	2020/21 2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Touching light switch	Electrocution, shock, electric current	Other and multiple systemic conditions	2020/21	s.47(3)(b) - Contrary to
Kicked by student	Contusion, bruising, superficial crush	Forearm	2020/21	
Tried to run to stop item fall from table, felt pop in left calf then subsequently fell over	Trauma to muscles/tendon unspecified	Lower leg	2020/21	
On playground duty and child was punching other kids and I have gone to take the child off the playground area. I have used my arm to anchor under his arm as he was lashing out and have been hit in the [redacted] shoulder and arm and shoulder blade and neck.	Soft tissue due to trauma/unknown mech.	Shoulder	2020/21	
works at [redacted] school and students over time have scratched, bitten and pinched her	Laceration not involving amputation	Forearm	2020/21	
[redacted] was headbutted on [redacted] side of face, scratched and bite on forearm by a [redacted] [redacted] while trying to get him onto community bus, she copain [redacted] side of face and tender on examination	Unspecified injuries	Face	2020/21	
Slipped on mat - bag on shoulder pulled her backwards	Unspecified injuries	Shoulder	2020/21	
Bitten by a student having a meltdown	Laceration not involving amputation	Forearm	2020/21	
bitten by student	Contusion, bruising, superficial crush	Lower limb - unspecified locations	2020/21	
Fall in car park	Trauma to muscles/tendon unspecified	Neck and trunk	2020/21	
Managing heightened Students - one Male student threatened to 'smash my face in', swore at me and motioned to take off his backpack to approach me aggressively.	Anxiety/stress disorder	Psychological system in general	2020/21	
OPT: Repeated walking, bending to look under benches [redacted] [redacted]	Bursitis	Hip	2020/21	
I was taking a [redacted] class and I was [redacted] to the students with my [redacted] foot and straight after I felt pain at the top of my [redacted] quad muscle.	Trauma to muscles/tendon unspecified	Upper leg	2020/21	
Separating students during fight	Trauma to muscles/tendon unspecified	Back - unspecified	2020/21	
Fall at work	Unspecified injuries	Elbow	2020/21	
Was playing [redacted] jut came down on [redacted] knee	Trauma to joints/ligaments unspecified	Knee	2020/21	
playing [redacted] with other teachers in instructional game	Other fractures not elsewhere classified	Lower leg	2020/21	
lack of support for medical / mental health to support ability to increase workload [redacted]	Anxiety/stress disorder	Psychological system in general	2020/21	
On [redacted] - Student jumped and pulled me [redacted] caused twisting movement to [redacted] knee	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Trip and fell up step landing on both wrists	Other fractures not elsewhere classified	Wrist	2020/21	
I was on an excursion. I was walking a student back from the toilets and I stepped on a stick. I rolled my ankle.	Other fractures not elsewhere classified	Lower leg	2020/21	
Student throwing a desk	Back pain, lumbago, sciatica	Lower back	2020/21	
Started when tried to sit on her chair at work which was a bit lower than usual and landed awkwardly on the chair which had no back or side arms and felt her back twisted a bit also feels bit pain and pins and needles [redacted] leg	Unspecified injuries	Lower back	2020/21	
heavy lifting	Back pain, lumbago, sciatica	Lower back	2020/21	
I was performing playground duties and stepped down onto the ring road and twisted my ankle.	Other fractures not elsewhere classified	Ankle	2020/21	
Twisting injury at work, exacerbated at work.	Meniscus degenerate/detached/tear	Knee	2018/19	
collision with student in playground - [redacted]	Back pain, lumbago, sciatica	Lower back	2020/21	
Slipped whilst leaving work getting into her car to go home, jarred back.	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
Picked up a stack of books from classroom - felt strain lower back	Trauma to muscles/tendon unspecified	Back - unspecified	2020/21	
Attack by grade 3 student	Contusion, bruising, superficial crush	Other specified multiple locations	2020/21	
Twisting to left to collect books	Trauma to joints/ligaments unspecified	Lower back	2020/21	
Male student barged shoulder into left breast.	Anxiety/stress disorder	Psychological system in general	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
student trashed my room and terrorised my students on [§ 47(2)(b) Corp] verbal abuse by students on [§ 47(2)(b) Corp]	Depression	Psychological system in general	2019/20	s.47(3)(b) - Contrary to P
Trying to de-escalate fight	Trauma to joints/ligaments unspecified	Neck bones, muscles and tendons	2020/21	
IW was rushing to her car, with bags on both shoulders and carrying some work resources when she fell facing forwards, landing on her breast and shoulder hitting concrete	Other fractures not elsewhere classified	Ribs	2020/21	
Pupil complaint, with parental threat through principal, with secondary avoidance/fear behaviours. Pressure from superior to disregard school rules. Failure to respond to employee concerns.	Reaction to stressors - other, multiple	Psychological system in general	2020/21	
in [§ 47(2)(b) Corp] I lifted a part [§ 47] and it slipped from hand and fell hitting top of foot	Trauma to joints/ligaments unspecified	Foot	2020/21	
Student - two staff to one - bite proof gloves and got finger under the glove and scratched - deregulated	Other diseases of skin not classified	Hand	2020/21	
While moving/relocating lengths of [§ 47] delivered to the school - with one person at each end - the length of [§ 47] was dropped, crushing the hand on the ground.	Trauma to joints/ligaments unspecified	Wrist	2020/21	
Scatched by student	Laceration not involving amputation	Face	2020/21	
Stress	Reaction to stressors - other, multiple	Psychological system in general	2020/21	
Was sitting on the carpet and went to get up and twisted my knee	Trauma to muscles/tendon unspecified	Knee	2020/21	
stress reaction caused by being assaulted by child at school	Anxiety/stress disorder	Psychological system in general	2020/21	
Handed a syringe needle	Medical sharp/needle-stick puncture	Fingers	2020/21	
Rolled ankle	Soft tissue diseases due to non-traumatic	Ankle	2020/21	
Tripped on step and fell onto chest	Osteopathies and chondropathies	Ribs	2020/21	
knee locked while sitting to assist a student in a wheelchair	Meniscus degenerate/detached/tear	Knee	2020/21	
Rolled off the edge of the path, rolled over, internally rotated her [§ 47] ankle and hurt the lateral [§ 47] ankle and foot. She fell and hurt her [§ 47] knee and her [§ 47(2)(b) Corp] of her [§ 47] foot	Soft tissue due to trauma/unknown mech.	Foot	2020/21	
Projector screen fell onto shoulder	Contusion, bruising, superficial crush	Shoulder	2020/21	
Doing a [§ 47(2)(b) Corp] with students on [§ 47(3)(b)] and rolled [§ 47] ankle on edge of a concrete path.	Trauma to joints/ligaments unspecified	Ankle	2020/21	
tripped over uneven concrete path	Musculoskeletal/connect tissue unspecif.	Hand	2020/21	
Punched by a student.	Post-traumatic stress disorder	Psychological system in general	2020/21	
Pushed over by child and hit back of head on floor	Unspecified injuries	Head - unspecified locations	2020/21	
Tripped walking up stairs - fell forward landing on knees and hit head and [§ 47] shoulder on door	Multiple injuries	Other specified multiple locations	2020/21	
Transitioning Students from Assembly to Class - heightened Student was grabbing and pinching my [§ 47] arm, headbutt me several times	Contusion, bruising, superficial crush	Forearm	2020/21	
I was playing sport with the kids on the oval, I was running up to one of the kids, we were playing [§ 47] My footing was wrong so while jumping about my [§ 47] foot landed on my [§ 47] foot which made the [§ 47] ankle roll	Trauma to muscles/tendon unspecified	Ankle	2020/21	
Tripped over a child in the class room.	Trauma to joints/ligaments unspecified	Knee	2020/21	
Pushing chair while sitting in it to reposition herself	Trauma to muscles/tendon unspecified	Knee	2020/21	
Lost footing as going down stairs, Fell about 4 flights	Bursitis	Shoulder	2020/21	
Whilst worker was assisting a [§ 47(2)(b) Corp] he has had an escalation and has turned and struck worker in the ribs.	Contusion, bruising, superficial crush	Ribs	2020/21	
accidental fall onto [§ 47] knee - Aggravation of [§ 47(2)(b) Corp] knee	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
stepped wrongly forward	Trauma to joints/ligaments unspecified	Foot	2020/21	
Walking on sand and irregular surfaces on school excursions	Meniscus degenerate/detached/tear	Knee	2020/21	
Fell backward in garden hit stone	Fracture of vertebral column	Upper back	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
leaving school grounds with staff member, she tripped on the edge of garden path and rolled ankle, at approx [6.47(3)] - she had finished for the day, the path she had tripped on was on the school side	Trauma to joints/ligaments unspecified	Ankle	2020/21	s.47(3)(b) - Contrary to P
When he performed a difficult [6.47(3)(b)] his [6.47(3)(b)] knee dislocated and enlocated on its own. Subsequently has pain in [6.47(3)(b)] knee	Trauma to joints/ligaments unspecified	Knee	2020/21	
Slipped down stairs and fell to the side	Trauma to muscles/tendon unspecified	Ankle	2020/21	
tripped over something and fell	Contusion, bruising, superficial crush	Knee	2020/21	
Ball to [6.47(3)(b)] finger	Soft tissue due to trauma/unknown mech.	Fingers	2020/21	
Playing [6.47(3)(b)] with the students.	Soft tissue due to trauma/unknown mech.	Ankle	2020/21	
Continuous and overuse of voice	Other diseases of respiratory system	Unspecified locations	2020/21	
Foot hit grill protruding from ground and ankle inverted	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Landed awkwardly trying to catch a ball and inverted ankle	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Twisted by child	Dislocation	Fingers	2020/21	
Aggravated by deodorant in the workplace	Asthma	Lung, trachea and bronchus	2020/21	
Inversion injury - making her way between desks	Trauma to joints/ligaments unspecified	Foot	2020/21	
Rolled ankle on uneven ground	Trauma to joints/ligaments unspecified	Ankle	2020/21	
I was cleaning up and getting things ready to go too lunch and I turned around and locked my legs together and fell.	Unspecified injuries	Ankle	2020/21	
I was playing [6.47(3)(b)] I was throwing a [6.47(3)(b)] in the usual manner and then that night and the next morning I had ongoing pain.	Traumatic tearing from muscle, avulsion	Shoulder	2020/21	
Assaulted by Student on [6.47(3)(b)] - frustrated at lack of support from [6.47(3)(b)] ongoing challenges with violent Students.	Anxiety/stress disorder	Psychological system in general	2015/16	
Pushing wheelchair on grass for an entire day.	Epicondylitis	Elbow	2020/21	
I was near the [6.47(3)(b)] I & I was running back to get a children's [6.47(3)(b)]	Trauma to muscles	Lower leg	2020/21	
Caught on open carabina (part of lanyard) at work	Laceration not involving amputation	Hand	2020/21	
student knocked over, fell onto [6.47(3)(b)] side	Soft tissue due to trauma/unknown mech.	Upper back	2020/21	
I got pushed over by a student, fell on the floor and then the student fell on top of me	Disc displacement, prolapse, hernia	Lower back	2020/21	
Step class during student free day	Trauma to muscles/tendon unspecified	Lower leg	2019/20	
I was walking up the walkway with my head of department, the bell had just rung and a student came out of no where and ran straight into me	Soft tissue due to trauma/unknown mech.	Forearm	2020/21	
Repeated use of hands - kneading, hands-on work, mixing and carrying.	Carpal tunnel syndrome	Hand	2020/21	
tripped on uneven concrete	Contusion, bruising, superficial crush	Elbow	2020/21	
one of the students in my class threw a piece of paper on my face and then he picked up a drink bottle and threw that as well, the drink bottle hit me in the ribs	Soft tissue due to trauma/unknown mech.	Ribs	2020/21	
Running in game, [6.47(3)(b)] foot landed in small hole in ground and sustained inversion/eversion injury. Immediate pain, swelling. Unable to weight bear.	Trauma to muscles/tendon not classified	Ankle	2020/21	
Playing a game with kids and fell down and landed on wrist	Trauma to muscles/tendon unspecified	Wrist	2020/21	
Hit in forearm by a spade being held by a student who spun around quickly when the bell went to signify the end of the afternoon play break	Laceration not involving amputation	Forearm	2020/21	
[6.47(3)(b)] years of workplace harassment by another co-worker	Post-traumatic stress disorder	Psychological system in general	2016/17	
IW was walking on a path at school, when part of the path was uneven (dropdown in path) causing IW to fall.	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Head butted twice by a student into [6.47(3)(b)] shoulder	Soft tissue diseases due to non-traumati	Shoulder	2020/21	
manual lifting of students	Back pain, lumbago, sciatica	Lower back	2020/21	
Twisted knee stepping on new synthetic floor in [6.47(3)(b)] area	Meniscus degenerate/detached/tear	Knee	2020/21	
patient was headbutted from behind by a student	Soft tissue due to trauma/unknown mech.	Upper back	2020/21	
Sitting on chair and back of chair gave way hence injured back	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
I had been to the tshop and I slipped on the pathway and fell on to my shoulder.	Dislocation	Shoulder	2020/21	s.47(3)(b) - Contrary to P
Attached by [redacted] student	Superficial injury	Neck - unspecified	2020/21	
Around [redacted] we were hiking up a steep incline and think I slipped and twisted [redacted] knee	Trauma to joints/ligaments unspecified	Knee	2020/21	
Abuse by Parent - work related stress after abused by an aggressive Parent on School Grounds	Anxiety/stress disorder	Psychological system in general	2020/21	
OPT - Intimidation/ bullying from specific colleague - also student harassment	Reaction to stressors - other, multiple	Psychological system in general	2020/21	
I am a teacher at the school and during a sport lesson, a ball had been thrown by a student and it caught the tip of my index finger quite hard	Other fractures not elsewhere classified	Fingers	2020/21	
Leaned over to plug laptop into dock - immediate pain in back area	Back pain, lumbago, sciatica	Lower back	2020/21	
Repeated use / projection of voice to teach Students (including usual classrooms, [redacted])	Muscle/tendon strain (non-traumatic)	Neck - internal organs and glands	2020/21	
Repetitive traumatic experiences and psychological distress from student (student has been in class for the past year)	Post-traumatic stress disorder	Psychological system in general	2020/21	
Works as [redacted] and since started working there in term 1 has been witnessing specific student se is allocate to care for [redacted] on a daily basis. Exposure s.47(3)(b) - Contrary to Public Interest	Anxiety/stress disorder	Psychological system in general	2019/20	
[redacted] Bending down to pick up heightened Student's lunch box - Student kicked my head	Other intracranial injury, not specified	Brain	2020/21	
hit on head by a student	Soft tissue due to trauma/unknown mech.	Head - unspecified locations	2020/21	
Worker was scratched on arms and hair pulled to the point of pulling worker to the ground, twisted neck in an attempt to free themselves.	Unspecified injuries	Neck - unspecified	2020/21	
stress	Unspecified diseases	Brain	2020/21	
Tripped/ rolled ankle	Unspecified injuries	Upper arm	2020/21	
Over a long period of time being made to feel I'm not good enough. Constantly being told there was a complaint made about me, but there was no complaint made. Punished for things I didn't know were wrong. Constant lying.	Depression	Psychological system in general	2019/20	
Supervising students, arm was yanked by student	Tendinitis	Elbow	2020/21	
Not Advised	Reaction to stressors - other, multiple	Psychological system in general	2020/21	
Inhaled dust & hay	Asthma	Respiratory system in general	2020/21	
Rolled left ankle in workshop - fell onto [redacted] shoulder/arm	Trauma to muscles/tendon not classified	Shoulder	2020/21	
Trying to separate fighting students	Musculoskeletal/connect tissue unspecif.	Elbow	2020/21	
Punched on the inside of right inner arm and then pushed by a student.	Trauma to joints/ligaments not classifie	Neck and shoulder	2020/21	
Supervising Students on [redacted] - assisting one Student with shoes and they jumped, impacting [redacted] chin	Other intracranial injury, not specified	Brain	2020/21	
Walking towards front of class - stepped over Child's feet, Child swung feet and I had to overstep to avoid them - landed heavily and felt instant pain in back	Back pain, lumbago, sciatica	Back - unspecified	2020/21	
Worker was walking from her class room to the [redacted] building, not 100% sure how buy I think my foot rolled on the edge of the walking path causing me to fall over	Other fractures not elsewhere classified	Elbow	2020/21	
on duty underneath [redacted] playground- ground has eroded, walked across uneven ground there is a [redacted] hich covers the hole in the ground, i then fell into it the hole and fell to the ground	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
I was restraining a student on the ground in a fight and injured my neck	Unspecified injuries	Neck - unspecified	2020/21	
Running after Student who had left school grounds - wearing high heeled shoes	Fasciitis	Foot	2020/21	
Head butted to [redacted] lower orbit/cheek	Soft tissue diseases due to non-traumati	Face	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Playing game of § 47(2) with Students - chasing Student and felt 'pop' § 47(2) groin area	Trauma to muscles/tendon unspecified	Abdominal muscles and tendons	2020/21	s.47(3)(b) - Contrary to P
Repeated use / projection of voice to Students on full time basis	Other diseases of respiratory system	Neck - internal organs and glands	2020/21	
Student was outside classroom misbehaving, I tried to redirect/guide her with my hand on her arm - my § 47(2)(b) bent backwards	Trauma to muscles/tendon unspecified	Thumb	2020/21	
Tripped and rolled my § 47(2)(b) ankle, on the foot path.	Trauma to joints/ligaments unspecified	Ankle	2020/21	
§ 47(3)(b) - Contrary to Public Interest On Playground Supervision - Student headbutted lower back area	Trauma to joints/ligaments unspecified	Lower back	2020/21	
Edge of metal music stand impaled	Laceration not involving amputation	Lower leg	2020/21	
In her § 47(3)(b) had § 47(2)(b) § 47(2)(b) in a support meeting behaved aggressively threatened her and abuse her at work § 47(3)(b) - Contrary to Public Interest	Anxiety/stress disorder	Psychological system in general	2020/21	
tripped over furniture and twisted knee	Soft tissue due to trauma/unknown mech.	Knee	2019/20	
Separating Student fight - injured § 47(2)(b) foot	Trauma to muscles/tendon unspecified	Foot and toes - unspecified	2020/21	
Caught a § 47(2)(b) off the ground and jarred finger	Other fractures not elsewhere classified	Fingers	2020/21	
The claimant was walking down an § 47(3)(b) - Contrary to Public Interest to where the buses were parked to start his rostered bus duty, and his § 47(2)(b) foot slipped forwards due to the slope which jarred his § 47(2)(b) knee	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Tripped in the hallway of office	Fractured skull and facial bones	Nose	2020/21	
Physical assault / punched to head	Neck pain, cervicalgia	Neck bones, muscles and tendons	2020/21	
I tripped over a chair in the office and twisted my § 47(2)(b) knee.	Trauma to muscles/tendon unspecified	Knee	2020/21	
Playing § 47(3)(b) thumb collided with a students body when attempting to tag the student.	Other fractures not elsewhere classified	Thumb	2020/21	
§ 47(2)(b) knee hyperextended, when standing on uneven ground and caused immediate pain and instability	Trauma to joints/ligaments unspecified	Knee	2020/21	
Playing § 47(3)(b) - Contrary to Public Interest Tagged a player and his § 47(3)(b) finger got caught in opposition players shorts .	Not known	Fingers	2020/21	
Repetitive use of barcode scanner across a wide desk in the library	Tendinitis	Shoulder	2020/21	
§ 47(2)(b) bent over to plug her laptop into the power point, as she stood back up felt pain in lower back.	Other specified soft tissue diseases,	Lower back	2020/21	
Got injured badly with a deep cut on the knee after tipping over the walkway besides the § 47(2)(b) of the school. I was treated by first aid of school. School admin notified my § 47(3)(b) - Contrary to Public Interest	Laceration not involving amputation	Knee	2020/21	
Walking down stairs	Other fractures not elsewhere classified	Foot	2020/21	
patient tripped due to a concrete elevation while walking in the school playground	Soft tissue due to trauma/unknown mech.	Wrist	2020/21	
Shut door on finger	Contusion, bruising, superficial crush	Fingers	2020/21	
Patient was playing § 47(3)(b) with school kids and fell on uneven ground and twisted her ankle	Trauma to joints/ligaments unspecified	Ankle	2020/21	
§ 47(3)(b) was assisting the teacher with a student. The student decided to leave the room and tried to lock § 47(3)(b) - Contrary to Public Interest A few minutes later they heard a loud noise and went out of the kitchen to investigate. § 47(2)(b) - Contrary to Public Interest § 47(3)(b) and a cloud of dust was on the air when § 47(3)(b) came out of the kitchen. She inhaled the powder that causes the scratch throat	Other respiratory diseases, unspecified	Respiratory system in general	2020/21	
student pulled back her 2nd finger	Muscle/tendon strain (non-traumatic)	Fingers	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Chemical injection of fire extinguisher - dry chemicals A:B (E) class. Child sprayed fire extinguisher at [§ 47(3)(b) - Contrary to Public L] who had an asthma attack and had powder all over her. Assisted child who was coughing and distressed. Tasted powder	Asthma	Respiratory system in general	2020/21	s.47(3)(b) - Contrary to P
Tripped over - fell forward onto hands and knees	Contusion, bruising, superficial crush	Knee	2020/21	
Inversion injury to ankle at work	Trauma to joints/ligaments unspecified	Ankle	2020/21	
A student was having a violent episode attacking other students. The worker and 2 other staff members intervened trying to stop the student from attacking other students as this was happening the student's foot landed on the worker's [§ 47(3)(b)] ankle. Worker felt pain in their [§ 47(3)(b)] ankle and foot immediately.	Trauma to muscles/tendon unspecified	Ankle	2020/21	
Walking and tripped - fell forward	Unspecified injuries	Chest - other and multiple	2020/21	
[§ 47(3)(b)] ankle sprain	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Twisted [§ 47(3)(b)] ankle during work	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Slid down bank at [§ 47(3)(b)]	Soft tissue due to trauma/unknown mech.	Wrist	2020/21	
Walking on pavers (quite uneven) - tripped on edge of paver and fell forward	Meniscus degenerate/detached/tear	Knee	2020/21	
Twisting on extended knee with heavy load carrying	Trauma to joints/ligaments unspecified	Ankle	2020/21	
walking from a cement level to ground and rolled my ankle	Superficial injury	Knee	2020/21	
Human bite - Supervising students, student bit [§ 47(3)(b)] leg behind knee cap drawing blood	Fractured skull and facial bones	Tooth	2020/21	
Headbutted and bitten by student.	Medical sharp/needle-stick puncture	Hand	2020/21	
A [§ 47(3)(b) - Contrary to Public L] - lifted the needle and may have thought he put the cap on - happened quickly and got her in the hand forward - as he moved the needle forward	Back pain, lumbago, sciatica	Lower back	2020/21	
Tripped over on grassed area, fell and hurt bottom and [§ 47(3)(b)] leg, twisted [§ 47(3)(b)] knee and [§ 47(3)(b)] ankle, jarred her back	Unspecified injuries	Knee	2020/21	
Playing [§ 47(3)(b)] with Students - moved suddenly to [§ 47(3)(b)] ball, twisted [§ 47(3)(b)] knee and felt immediate pain	Contusion, bruising, superficial crush	Upper back	2020/21	
Lifting a student's project into a ute.	Neck pain, cervicalgia	Neck bones, muscles and tendons	2020/21	
Was reaching over bin to unlock and [§ 47(3)(b)] ball connected with face, neck, jarring neck	Traumatic tearing from muscle, avulsion	Lower leg	2020/21	
Umpiring a [§ 47(3)(b)] game - IW was running when felt a pull in the calf area	Trauma to joints/ligaments unspecified	Shoulder	2020/21	
Fell off a step on the [§ 47(3)(b)] landing from about a 50cm height	Trauma to muscles/tendon unspecified	Knee	2020/21	
Worker has been kicked by student in [§ 47(3)(b)] knee	Unspecified injuries	Neck - internal organs and glands	2020/21	
Heavy Vocal load at work - in classroom and playground	Laceration not involving amputation	Other specified multiple locations	2020/21	
Student [§ 47(3)(b)] did not want to play during break, wanted to enter classroom, door was locked, while explaining to him would need to wait until the break was over to enter the room, he unexpectedly reached out and pulled subscription glasses from face and threw them across the deck.	Soft tissue due to trauma/unknown mech.	Face	2020/21	
Assaulted by Student	Trauma to joints/ligaments unspecified	Knee	2020/21	
Participating in [§ 47(3)(b)] staff event. Dropped knees to avoid collision with child and landed on [§ 47(3)(b)] knee	Soft tissue due to trauma/unknown mech.	Other specified multiple locations	2020/21	
walking on cracked concrete, tripped on uneven concrete, was wearing flat sandals	Contusion, bruising, superficial crush	Lower leg	2020/21	
[§ 47(3)(b) - Contrary to Public L] Turned to talk to a Student and tripped on a rock	Fasciitis	Foot	2020/21	
Moving heavy resources around School for 2 weeks - repeated pushing trolleys, lifting boxes etc.	Laceration not involving amputation	Forearm	2020/21	
Student bit and scratched.				
Child bit on [§ 47(3)(b)] forearm 2 sites + fingernail scratches same area.				

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Timber fell on right wrist while lifting a [§ 47(2)(b)] on trailer and it slipped and fell on wrist.	Trauma to joints/ligaments unspecified	Wrist	2020/21	s.47(3)(b) - Contrary to P
I was walking quickly to pick up a box and I just heard a pop in my calf muscle.	Meniscus degenerate/detached/tear	Knee	2020/21	
Playing [§ 47(2)(b)] with the kids when ball accidentally hit [§ 47(2)(b)] thumb	Soft tissue due to trauma/unknown mech.	Thumb	2020/21	
Repeated use / projection of voice over several years	Unspecified injuries	Neck - internal organs and glands	2020/21	
I picked up a carty tray with books and as I picked it to put in the cupboard, one of my students went under so I had to extend my arm and wrist so it does not fall onto the student's head. I fell immediate pain.	Soft tissue due to trauma/unknown mech.	Wrist	2020/21	
Tripped and fell over/rolled ankle	Trauma to joints/ligaments unspecified	Ankle	2020/21	
[§ 47(2)(b) - Contr] Struck head against whiteboard	Laceration not involving amputation	Face	2020/21	
False accusation from a Student	Reaction to stressors - other, multiple	Psychological system in general	2020/21	
ankle rolled and fell in classroom	Other fractures not elsewhere classified	Ankle	2020/21	
I was just throwing [§ 47(2)(b)] with another staff member and hit the end of the [§ 47(2)(b)] finger.	Other fractures not elsewhere classified	Fingers	2020/21	
Worker was playing in the oval with kids [§ 47(2)(b)] and injured [§ 47(2)(b)] knee.	Unspecified injuries	Knee	2020/21	
[§ 47(2)(b)]: Waking along a pathway - tripped on uneven surface and fell	Other fractures not elsewhere classified	Foot	2020/21	
Walking on grass, twisting and had inversion injury of [§ 47(2)(b)] ankle	Trauma to joints/ligaments unspecified	Ankle	2020/21	
The nature of this injury is cumulative due to ongoing, persistent workplace bullying which has also resulted in excessive workload. It is not possible to determine an exact date of injury due to the ongoing impact of the factors contributing to the injury.	Reaction to stressors - other, multiple	Psychological system in general	2020/21	
Trying to de-escalate a fight	Soft tissue due to trauma/unknown mech.	Neck bones, muscles and tendons	2020/21	
Collecting resources from room - slipped/tripped on mat inside the door and sprained [§ 47(2)(b)] ankle.	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Fall onto [§ 47(2)(b)] foot - jumped off stage	Other fractures not elsewhere classified	Foot	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21	
Contractors were installing air-conditioning units in [§ 47(3)(b) - Contrary to Public] when staff noticed and immediately notified the Principal.	Exposure to substances, no injury/diseas	Unspecified locations	2020/21

Overuse due to teaching	Trauma to muscles/tendon unspecified	Neck and trunk	2020/21	
We were on a school excursion with year [redacted] students. [redacted] I was walking along from one obstacle to another on an [redacted]. Leg went into an awkward position and I felt instant pain.	Dislocation	Knee	2020/21	
Twisted by a student, pain and swelling	Soft tissue diseases due to non-traumati	Fingers	2020/21	
[redacted] I turned to put it on my desk at the back of the classroom - there was a low round table with stools behind me - I was carrying the [redacted] turned to walk around the table and tripped over the stool. I fell on the ground landing on [redacted] arm.	Tendinitis	Shoulder	2020/21	
Walking down stairs with boxes and bags and fell forward landing in her knee.	Soft tissue due to trauma/unknown mech.	Unspecified locations	2020/21	
From carrying basket from class to class with my computer and books in it tripped over a brick - landed slightly on an angle - landed on both knees and hands - only [redacted] knee is affected	Soft tissue due to trauma/unknown mech.	Elbow	2020/21	
Tripped and fell on [redacted] knee while walking down a hill - concrete path - no steps by a section dug out and bitumen out in - uneven - not redone as a normal concrete path	Contusion, bruising, superficial crush	Knee	2020/21	
	Bursitis	Knee	2020/21	
Fall Down Stairs	Trauma to joints/ligaments unspecified	Foot	2020/21	
On [redacted] - whilst playing [redacted] twisted awkwardly (pain worsened over the evening)	Meniscus degenerate/detached/tear	Knee	2020/21	
Carry bag of heavy books	Trauma to muscles/tendon unspecified	Thumb	2020/21	
[redacted] exposure with known allergy to [redacted]	Other respiratory conditions	Unspecified locations	2020/21	
Slipped on lino floor in classroom, twisted [redacted] knee and fell hard on the floor.	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Repeated bullying by School Principal for several months	Anxiety/stress disorder	Psychological system in general	2020/21	
Carrying whiteboard down slope	Meniscus degenerate/detached/tear	Knee	2020/21	
Stepped backwards off a path into a hole and fell backwards onto [redacted] shoulder and [redacted] toe.	Unspecified injuries	Shoulder	2019/20	
Over a period of time - hand overuse from use of hands and wrist from [redacted] in classrooms.	Carpal tunnel syndrome	Wrist	2020/21	
Anxiety caused by mould in department housing [redacted] was living in.	Reaction to stressors - other, multiple	Psychological system in general	2020/21	
[redacted] had to lift a teacher	Soft tissue due to trauma/unknown mech.	Lower back	2019/20	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Worker advised that they walking towards the playground area and the worker fell down 3 stairs and landed on their side bottom area on the concrete. Sometime in [s.47(3)(b) - Co	Back pain, lumbago, sciatica	Lower back	2020/21	s.47(3)(b) - Contrary to P
[s.47(3)(b) - Co] Playing [s.47(3)(b) - Co] with a Student and fell onto [s.47(3)(b) - Co] knee	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Repeated lifting furniture / flipping tables onto other tables / pushing bookshelves from carpet onto lino area for several hours	Disc displacement, prolapse, hernia	Lower back	2020/21	
Tripped on second last step carrying books - [s.47(3)(b) - Co] knee landed directly on cement	Contusion, bruising, superficial crush	Knee	2020/21	
Lifting heavy object off [s.47(3)(b) - Contrary to P] at work	Hernias	Abdominal muscles and tendons	2020/21	
IW was taking a [s.47(3)(b) - Co] at the school. IW was running.	Meniscus degenerate/detached/tear	Knee	2020/21	
Over period of time teaching talking	Neck pain, cervicalgia	Neck bones, muscles and tendons	2020/21	
tripped on exposed concrete	Soft tissue due to trauma/unknown mech.	Ankle	2020/21	
Tripped over chair/ Hooked Foot	Superficial injury	Knee	2020/21	
Heavy desk fell on the foot when she was arranging them.	Unspecified injuries	Foot	2020/21	
hoarseness and loss of voice due to repetitive type of work	Infectious diseases not unspecified	Neck - internal organs and glands	2020/21	
Foosh at school	Other fractures not elsewhere classified	Wrist	2020/21	
Opening Window	Laceration not involving amputation	Fingers	2020/21	
Inversion injury whilst on school excursion	Other fractures not elsewhere classified	Ankle	2020/21	
On a school trip going through [s.47(3)(b) - Contrary to P] and then went on the [s.47(3)(b) - Co] and my foot has got caught while on the [s.47(3)(b) - Co] and twisted.	Trauma to muscles/tendon not classified	Ankle	2020/21	
Slipped from student desk and landed on [s.47(3)(b) - Co] side	Contusion, bruising, superficial crush	Chest muscles	2020/21	
Tipping at work over a piece of protruding floor covering.	Fractured skull and facial bones	Nose	2020/21	
Tripped over raised small concrete barrier in staff carpark and fell onto nose.	Fractured skull and facial bones	Tooth	2020/21	
Relocating a student desk which hit her in the mouth breaking her front tooth	Contusion, bruising, superficial crush	Knee	2020/21	
[s.47(3)(b) - Co] foot stepped on rock rolled [s.47(3)(b) - Co] nkle and fell forward onto [s.47(3)(b) - Co] knee twisted [s.47(3)(b) - Co] knee in the process	Soft tissue due to trauma/unknown mech.	Elbow	2020/21	
she tripped on uneven ground and fell on her [s.47(3)(b) - Co] knee and elbow with body weight	Anxiety/stress disorder	Psychological system in general	2020/21	
I had arranged a meeting with the principal, [s.47(3)(b) - Contrary to P] also two witnesses were present. During this meeting, I verbalised my concerns regarding other team members conduct towards me, which has been ongoing for the last few years. Throughout the meeting, I felt unsupported and continued animosity towards me which [s.47(3)(b) - Contrary to Public Interest]	Other fractures not elsewhere classified	Fingers	2020/21	
[s.47(3)(b) - Co] months ago. [s.47(3)(b) - Co] finger injury whilst at work in school - teaching a class.	Disc displacement, prolapse, hernia	Unspecified locations	2020/21	
Incoming ball injury - caused ?hyperextension.	Ganglion, trigger finger, dupuytrens con	Foot	2020/21	
Lifting furniture at school on [s.47(3)(b) - Co] and woke up with severe [s.47(3)(b) - Co] arm pain on [s.47(3)(b) - Co]	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
Walking up slight inclined hill to another Classroom - rolled [s.47(3)(b) - Co] ankle on uneven ground	Trauma to muscles/tendon unspecified	Knee	2020/21	
Liftin box from boot of car	Trauma to joints/ligaments unspecified	Hip	2020/21	
Fall at work	Soft tissue due to trauma/unknown mech.	Trunk - multiple locations	2020/21	
Lifted cabinet with a Colleague - sudden onset of severe pain [s.47(3)(b) - Co] hip with popping sound	Back pain, lumbago, sciatica	Upper back	2020/21	
Tripped and fell due to vegetation on a pathway	Tendinitis	Shoulder	2020/21	
Setting up new classroom and tables were stacked - flipped table over to be upright and felt pinch/sprain	Post-traumatic stress disorder	Psychological system in general	2018/19	
Had previous [s.47(3)(b) - Co] shoulder tear - returned to work in [s.47(3)(b) - Co] and tear worsened (pending additional info from Claimant re: mechanism)				
Extensive bullying from student during [s.47(3)(b) - Co]				

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Repeated holding of hand of s.47(3)(b) - Contrary to he would often pull on my s.47 hand (sometimes several times a day for several months)	Soft tissue due to trauma/unknown mech.	Wrist	2020/21	s.47(3)(b) - Contrary to
Walking between 2 blocks and rolled ankle stepped onto plastic pipe	Trauma to joints/ligaments unspecified	Ankle	2020/21	
I tripped while walking out of the sports hall and twisted my ankle.	Laceration not involving amputation	Foot	2020/21	
Boy jumped her from behind causing both to fall down, broke her nose, had concussion, later s.47(3)(b) shoulder pain, hip and knee pains	Trauma to muscles/tendon unspecified	Ankle	2020/21	
Standing up after sitting on Student chair for 2 hours - felt strain in lower back	Multiple injuries	Other specified multiple locations	2018/19	
I was bending over with school books spread on the floor labelling them as I stood up I felt a stabbing pain	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
Repetitive strain / overuse - ascending and descending stairs	Back pain, lumbago, sciatica	Lower back	2020/21	
Progressively noticed speech difficulty in the last 12 months.	Bursitis	Hip	2016/17	
Catching books falling off shelf.	Other diseases of respiratory system	Neck - internal organs and glands	2020/21	
ongoing issues with s.47(3)(b) and other illnesses unable to cope at work at the moment	Musculoskeletal/connect tissue unspecif.	Shoulder	2020/21	
Fall at work onto concrete	Anxiety/stress disorder	Psychological system in general	2020/21	
Twisted the knee when climbing stairs	Laceration not involving amputation	Head - unspecified locations	2020/21	
Unpacking s.47(3)(b) using Stanley knife - as I cut, slipped and lacerated left palm	Bursitis	Knee	2020/21	
I was on my lunch break when and insect bit inside my upper lip, resulting in major swelling.	Laceration not involving amputation	Hand	2020/21	
Walking to class on the school footpath on school ground, whilst walking iw tripped on the broken part of footpath causing iw to fall down on to the ground on to s.47(3)(b) shoulder	Other and unspecified dermatitis	Mouth	2020/21	
on s.47(3)(b) a child hit on the chest twice. Another child on s.47(3)(b) bit her s.47(3)(b) forearm through the skin	Traumatic tearing from muscle, avulsion	Shoulder	2020/21	
Assaulted by heightened Student	Anxiety/stress disorder	Psychological system in general	2020/21	
Assisting a student from one area of the school to his classroom. Student dropped several times.	Anxiety/stress disorder	Psychological system in general	2020/21	
Fall at work, tripped on concrete path	Trauma to muscles/tendon unspecified	Neck and shoulder	2020/21	
Breaking up a fight between 2 students	Trauma to muscles/tendon unspecified	Neck and shoulder	2020/21	
Bending over to clean a table - felt pain when standing up	Other diseases not elsewhere classified	Head - unspecified locations	2020/21	
Was talking to student when tripped over toybox 40cm high. Fell faceward and then twisted to s.47(3)(b) and landed on back	Back pain, lumbago, sciatica	Lower back	2020/21	
Punched by a student at work	Contusion, bruising, superficial crush	Knee	2020/21	
Ongoing bullying and mental torture. Many incidence of principal bullying s.47(3)(b) indirectly. There is probably too many to list. A teacher has recently hired to fix the s.47(3)(b) - Contrary to Public Interest	Unspecified injuries	Face	2020/21	
tripped on standing frame and fell on knees face down	Depression	Psychological system in general	2020/21	
Worker is at work speaking with the students and hit his hand with his desk	Musculoskeletal/connect tissue unspecif.	Lower back	2020/21	
RI style injury from desk work	Other fractures not elsewhere classified	Fingers	2020/21	
Was walking down a corridao in admin building when someone walked out of a doorway and clipped s.47(3)(b) right foot, causing s.47(3)(b) to fall forwards hitting a wall on her s.47(3)(b) side in the process and ended up sprawled on the fall face down.	Trauma to muscles/tendon unspecified	Wrist	2020/21	
tripped on the staircase at workplace	Contusion, bruising, superficial crush	Other specified multiple locations	2020/21	
At work about s.47(3)(b) - a big role of paper dropped from a shelf a meter in height on her s.47(3)(b) foot.	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Slipped whilst cutting a sheet of plastic.	Other fractures not elsewhere classified	Toes	2020/21	
	Laceration not involving amputation	Fingers	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Worker walking down a footpath at school down a hill, lots of people standing on the pathway iw stepped off the path to walk around the people iw slipped tripped on uneven ground causing iw to fall & hurt ankle	Other fractures not elsewhere classified	Ankle	2020/21	s.47(3)(b) - Contrary to F
Fall while ascending stairs	Bursitis	Shoulder	2020/21	
Sitting [§ 47(3)(b)] m sitting for three days in uncomfortable chairs [§ 47(3)(b)]	Back pain, lumbago, sciatica	Back - other and multiple	2020/21	
Unstacking and moving desks, bookcases and chairs after the carpet cleaners had been through the classroom [§ 47(3)(b)]	Laceration not involving amputation	Fingers	2020/21	
Bitten by client on the finger [§ 47(3)(b)]	Other fractures not elsewhere classified	Fingers	2020/21	
[§ 47(3)(b)] Tripped on concrete path and fell forward	Laceration not involving amputation	Forearm	2020/21	
Assisting a student - Was bitten by a child at work	Trauma to joints/ligaments unspecified	Hip	2020/21	
I was stopping a student from leaving the classroom to an unsupervised area and that's when I heard the click.	Back pain, lumbago, sciatica	Lower back	2020/21	
Leaned over to assist a Student in class and strained lower back	Soft tissue due to trauma/unknown mech.	Head and neck	2020/21	
She fell down on stairs and hit her forehead to a door	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
kicked in the knee by a student	Trauma to muscles/tendon unspecified	Lower leg	2020/21	
Walking to Teaching [§ 47(3)(b)] (gutter was overflowing with rain and floor was wet) - stepped on [§ 47(3)(b)] leg, slipped/stumbled (did not fall)	Other fractures not elsewhere classified	Elbow	2020/21	
fall at work this morning- on the way to a meeting - tripped on the pavement	Trauma to joints/ligaments not classifie	Head and neck	2020/21	
Headbutted by student.	Back pain, lumbago, sciatica	Lower back	2020/21	
Stood up from chair at work - felt sharp pain in lower back	Soft tissue due to trauma/unknown mech.	Hand, fingers and thumb - other and mult	2020/21	
tripped on the concrete at work	Soft tissue due to trauma/unknown mech.	Head - unspecified locations	2020/21	
Child hit worker accidentally on the head with swing in the playground	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
Twisted knee in sandpit with kids	Laceration not involving amputation	Face	2020/21	
Whiteboard fell, with corner of board striking W forehead resulting in laceration	Meniscus degenerate/detached/tear	Knee	2020/21	
Fall at school yesterday in the wet	Occupational overuse syndrome	Hand, fingers and thumb - unspecified	2020/21	
Typing a lot of work	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
Got up off the floor awkwardly and twisted something in the lower back.	Fractured skull and facial bones	Face	2020/21	
[§ 47(3)(b)] Demonstrating with [§ 47(3)(b)] and fell forward on face onto concrete floor	Laceration not involving amputation	Forearm	2020/21	
Bitten by student on [§ 47(3)(b)] forearm.	Superficial injury	Hand	2020/21	
Slid on muddy cement area	Trauma to muscles/tendon unspecified	Ankle	2020/21	
[§ 47(3)(b)] with students, doing warm up activity - crab run - when landed on [§ 47(3)(b)] foot, foot rolled, fell to ground on back	Other diseases of respiratory system	Lung, trachea and bronchus	2020/21	
Repeated use / projection of voice to teach and manage Student behaviour	Soft tissue due to trauma/unknown mech.	Hand	2020/21	
While removing furniture.	Trauma to muscles/tendon unspecified	Hand, fingers and thumb - unspecified	2020/21	
The worker was ushering a student off a moving swing set when hand got on the swing set causing injury.	Soft tissue due to trauma/unknown mech.	Lower back	2020/21	
Fall down approximately 7 stairs	Mental diseases, unspecified	Psychological system in general	2020/21	
Critical incident. [§ 47(3)(b)] works as a Counsellor and a student she counselled in [§ 47(3)(b)]	Other fractures not elsewhere classified	Forearm	2020/21	
[§ 47(3)(b)] Contaminated Pencil	Poisoning/toxic effects of substances	Forearm	2020/21	
Walking down wooden stairs - slipped and fell, struck [§ 47(3)(b)] wrist on step	Soft tissue due to trauma/unknown mech.	Foot	2020/21	
Weeding	Trauma to muscles/tendon unspecified	Neck and shoulder	2020/21	
[§ 47(3)(b)] Walking on paved footpath and carrying items - stepped with [§ 47(3)(b)] foot onto step, mis-stepped and lost balance, fell onto [§ 47(3)(b)] hand side of body	Dislocation	Elbow	2020/21	
After handing out a homework sheet [§ 47(3)(b)] was hit from behind by student with the homework sheet (paper) to the back of her neck.	Traumatic tearing from muscle, avulsion	Foot	2020/21	
Walking to Office on stormy day with Students - had my arm around a Student and as we ran, I struck [§ 47(3)(b)] elbow on a metal pole				
Twisted on uneven ground at work				

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Walking down the stairs and felt 'snap' in the back of [redacted] calf Felt pain after lifting a bag containing computer equipment - weight approx 4kg hit by ball Student walked up to teacher while in playground and hit both sides of her neck in chopping motion while screaming uneven ground Slipped from wet bitumen and fell A child head butted her at work Managing heightened [redacted] Student and he began to self harm [redacted] Cd [redacted] s.47(3)(t) tried to calm him but he was headbutting my [redacted] shoulder and bit me [redacted] forearm cut by stove when cleaning it inversion injury [redacted] ankle while walking down stairs Trying to de-escalate heightened Student - whilst assisting him to calm down, he punched me in the nose Hanging a students art work IW slipped while walking up wet stairs After being sat upon by a child at school Was in the classroom she went to turn around and felt her knee give way causing her to roll her ankle. Rolled foot on concrete ledge I was on one side of a security gate next to the playground. An older student was on the other side of the gate & pulled my hair from behind. incident occurred- outside of [redacted] classroom - the gate near there IW moving furniture for student to access room due to a [redacted] IW was taking unpegging things off the wall and sliding a desk out of the way felt a jab in [redacted] shoulder Tried to avoid being injured by child when he kicked her. Patient missed the Interface between the concrete and grass and has an eversion injury of her ankle and fell Walking and running on [redacted] Cd Tripped on ty at work. Fall on outstretched thumb. Dislocated [redacted] thumb. Relocated himself. Continued to dislocate. Child was heightened and was removed from classroom, I was waiting in the doorway for an Office Staff to come. I turned around to re-enter classroom as the Student was threatening me - Student picked up a rock and threw it at me which struck back of my head Workplace stressors Assaulted by student, scratched hand and face, nurt shoulder defending herself. Headbutted by student Worker was collecting a couple of students and was escorting a student back to [redacted] [redacted] Walker was walking along the footpath and had eyes up watching children near the toilet block. Worker had a hold of students hand who was to Workers right. Workers left foot that caught and then Worker went to put out right foot and also got caught on the lip of the cement and fell on [redacted] side of face pushing jaw across to the [redacted] causing fracture. student became escalated in classroom, was intent on getting to me , i was his target for the incident, we were waiting for more support to arrive so i would be safe and were trying to keep the door closed so he didn't cause more trauma, he then bit me, there was also bruises and scratches but the bite was the most significant	Laceration not involving amputation	Upper arm	2020/21	s.47(3)(b) - Contrary to P
I was sitting on a stool at a students desk (assisting a student). I was instructed to move back from a student. As I moved back the back legs of the stool folded in on itself (bent). I fell backwards off the stool and slammed by head against the floor (concrete covered with a thin mat).	Neck pain, cervicalgia	Neck bones, muscles and tendons	2020/21	
Sexually assaulted by a large male student at s.47(3)(b) - Contrary to Public in the classroom. Witnessed by two students. Teacher and teacher aide had just left the classroom. Student has history of violent and sexual behaviours.	Anxiety/stress disorder	Psychological system in general	2020/21	
slipped over in mud in car park at work	Other fractures not elsewhere classified	Lower limb - multiple locations	2020/21	
I tripped on a surround on a metal manhole cover while walking to my classroom on the school grounds.	Back pain, lumbago, sciatica	Upper back	2020/21	
Sudden onset of s.41 knee pain while teaching students - s.41 knee locked assoc with significant pain	Muscle/tendon strain (non-traumatic)	Knee	2020/21	
Chasing a child at work	Traumatic tearing from muscle, avulsion	Lower leg	2020/21	
Verbal and physical abuse from students - ACCEPTED	Anxiety/stress disorder	Psychological system in general	2019/20	
Support offered regarding above events - found to be reasonable - DENIED				
OPT s.47				
retrieving equipment from inside a s.47(3)(b) - Contrary to Public i removed 4 wheelie bins filled with sporting equipment s.47(3)(b) - Contrary to my s.41 foot caught the s.47(3)(b) which caused injury	Trauma to joints/ligaments unspecified	Knee	2020/21	
Running after toddler who was heading to the road	Fasciitis	Foot	2020/21	
accidental fall at work around s.41	Trauma to muscles/tendon unspecified	Knee	2020/21	
I was lifting a box off the shelf, it slipped out of my hands and fell, it was a bit heavier than I anticipated, as it fell it pulled my finger away from the hand	Dislocation	Fingers	2020/21	
I had entered the school and was going up the stairs to enter my Room, when I tripped on one of the steps, landing / falling awkwardly, rolling my ankle in the process. I felt an aching pain on the outside part of my foot.	Trauma to joints/ligaments unspecified	Foot	2020/21	
Bulling and harrassment by work colleagues	Anxiety/stress disorder	Psychological system in general	2020/21	
falling between book case and table in the class room	Soft tissue diseases due to non-traumati	Knee	2020/21	
Tripped on a chair after instructed to take poster down, tripped over the leg of the chair and attempted to miss table and fell and landed on arm	Other fractures not elsewhere classified	Forearm	2020/21	
Stood up to attend a meeting, as I have pushed the chair back and turned around I have caught the right foot on the chair and fallen to the left and fell into a shelving cupboard with my s.41 ankle got caught causing it to twist.	Soft tissue due to trauma/unknown mech.	Ankle	2020/21	
A student hit him from behind and pushed the shoulder	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
I was sitting at a table with a group of students. A student stood up next to me and accidentally put their chair on my foot. I pulled my foot back quickly and felt my knee give	Meniscus degenerate/detached/tear	Knee	2020/21	
child s.47(3)(b) - Con threw chair and hurt her s.41 wrist	Contusion, bruising, superficial crush	Wrist	2020/21	
Supporting in a Classroom - tried to redirect a Student and he slapped me across the s.41 hand side of face with open palm	Unspecified injuries	Ear	2020/21	
s.47 handed. Elbow repetitively pulled by student at school over period of time	Trauma to tendon	Elbow	2020/21	
I was looking for one of the students and was hurrying down to the oval, I was going down a slope that was not level.	Meniscus degenerate/detached/tear	Knee	2020/21	
I did not fall, but felt something, as i put down my s.47 foot felt pain in the knee.				

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Fell and twisted [redacted] ankle in office tripping over hazards on floor	Trauma to joints/ligaments unspecified	Ankle	2020/21	s.47(3)(b) - Contrary to P
Helping a teacher move her classroom equipment - going up steps, lost balance, and fell on the [redacted] outstretched hand.	Unspecified injuries	Wrist	2020/21	
Twisting knee. Carrying files upstairs and twisting [redacted] knee. Aggravated by getting on knees to do [redacted]	Musculoskeletal/connect tissue unspecif.	Knee	2020/21	
Chair broke while worker sitting in it, struck back of head on filing cabinet head	Other intracranial injury, not specified	Brain	2020/21	
Assisting student toileting	Trauma to joints/ligaments unspecified	Knee	2020/21	
The worker was playing [redacted] with senior students and the worker went to incept a pass and worker sustained injury	Dislocation	Shoulder	2020/21	
Demonstrating [redacted]	Soft tissue due to trauma/unknown mech.	Shoulder	2020/21	
Tripped over by a young child coming down stairs at work (school) jarring her lower back	Trauma to muscles/tendon unspecified	Lower back	2020/21	
While on playground duty playing [redacted] slipped and fell forward onto face.	Laceration not involving amputation	Face	2020/21	
Slipped on a nut	Trauma to muscles/tendon unspecified	Ankle	2020/21	
Holding an [redacted] while doing bus duty and [redacted] experienced shock through the [redacted] hand	Effects of weather etc no classified	Unspecified locations	2020/21	
[redacted] Attempted to catch large Student who had fainted - Student fell on [redacted] and took her to the ground	Disc displacement, prolapse, hernia	Lower back	2019/20	
going to do bus duty, there was a tree root, walked on the tree root then tripped over and fell on my knee	Soft tissue due to trauma/unknown mech.	Knee	2020/21	
unfair treatment with placement at [redacted].	Depression	Psychological system in general	2020/21	
Twisted while jumping over box	Trauma to joints/ligaments unspecified	Ankle	2020/21	
Carrying of heavy student back pack a few times due to assisting student with disability.	Contusion, bruising, superficial crush	Upper back	2020/21	
Supervising on Lunch Duty - told a Student it was inappropriate to have a [redacted] and he struck me with his lunchbox and fist several times	Contusion, bruising, superficial crush	Forearm	2020/21	
fell over going to another classroom, fell to the ground concreted area	Contusion, bruising, superficial crush	Head - unspecified locations	2020/21	
Walking across grass area	Soft tissue due to trauma/unknown mech.	Ankle	2020/21	
Pushed into wall - student headbutted [redacted] in the chest, he hit the back of his head on brick wall, immediate loss of consciousness	Multiple injuries	Head - unspecified locations	2020/21	
student punched her [redacted] shoulder and pulled her [redacted] upper limb	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
incident with student at school - pushed against door frame	Contusion, bruising, superficial crush	Forearm	2020/21	
Dropped [redacted] on foot	Other fractures not elsewhere classified	Foot and toes - other and multiple	2020/21	
A child pulled out a chair & I tripped on the chair	Trauma to muscles/tendon unspecified	Knee	2020/21	
tripped over whilst carrying a shoulder bag, I managed to catch myself before falling over, but the jerk motion caused a trauma to my neck	Soft tissue due to trauma/unknown mech.	Neck - unspecified	2020/21	
Just sitting talking to colleague and something flew into [redacted] eye	Foreign body on external eye, ear, nose	Eyeball	2020/21	
Student was heightened and trying to climb 6-ft gate - I tried to de-escalate him but he kicked me several times to my [redacted] shin	Soft tissue due to trauma/unknown mech.	Lower leg	2020/21	
holding child, wriggled out of arms, landed with both feet on my foot	Contusion, bruising, superficial crush	Foot	2020/21	
[redacted] refereeing a game with students and jogged 3 or 4 paces and felt sudden pain - indoor timber court - wearing trainers	Trauma to muscles/tendon unspecified	Lower leg	2020/21	
Heightened Student came up behind me - headbutted my lower back twice	Back pain, lumbago, sciatica	Back - unspecified	2020/21	
PUNCHED MULTIPLE TIMES TO UPPER BACK	Contusion, bruising, superficial crush	Upper back	2020/21	
IW chasing a [redacted] student who went out the front gate of the school. Just before IW got to the student, felt 'pop' in their knee.	Dislocation	Knee	2020/21	
Lifting child, toilet training etc	Soft tissue due to trauma/unknown mech.	Shoulder	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Last week worker was in the Office Kitchen (tea room), another worker was getting s.47(2)(b) - Contrary to Public Interest and they have jumped back, worker has reacted twisting and felt pain in lower back which progressively has gotten worse.	Trauma to joints/ligaments unspecified	Lower back	2020/21	s.47(3)(b) - Contrary to Public Interest
A male student physically assaulted me in the classroom in a sexual and gendered way by deliberately touching my breast. He then repeatedly swore and tried to incite the class in a bullying way to humiliate me.	Anxiety/stress disorder	Psychological system in general	2020/21	
Injury to s.41 hand when dealing with an aggressive child, and the child threw a rock on to s.41 shoulder	Soft tissue due to trauma/unknown mech.	Hand	2020/21	
Fell into culvert beside play ground mat.	Unspecified injuries	Ankle	2020/21	
Whilst walking down stairs worker missed a step causing iw to fall over onto s.41 ankle	Trauma to muscles/tendon unspecified	Ankle	2020/21	
s.47(2)(b) - Contrary to Public Interest therefore they had to remove children due to safety reasons and had to be done quickly, therefore were moving children and some children required to be lifted due to their needs. Worker advised that later on they were sitting down (within 30 minutes) and they went to get up - worker advised that they could not get up and they had shooting pains across their lower back and the top of their buttocks. Worker advised that the next day it also moved to their s.41 shoulder.	Trauma to muscles/tendon unspecified	Shoulder	2020/21	
Missed two bottom steps on stairs and fell	Other fractures not elsewhere classified	Toes	2020/21	
While operating school gate to exit car park	Traumatic tearing from muscle, avulsion	Shoulder	2020/21	
student got aggressive and he went off and tried to escape, myself and the TA blocked the room to stop him, he went and banged his head and when we tried to stop him he bit me on my forearm and hand	Laceration not involving amputation	Upper arm	2020/21	
I was walking in the toilet and slipped on soap that kids had put on the ground	Other fractures not elsewhere classified	Toes	2020/21	
Forced hyper extension of shoulder trying to stop a student running past	Dislocation	Shoulder	2020/21	
Bitten by a child at work.	Laceration not involving amputation	Neck - unspecified	2020/21	
Door caught the elbow	Contusion, bruising, superficial crush	Elbow	2020/21	
Playing in a staff v students s.47(3)(b) game. A student threw the ball which hit my finger and it bent backwards and broke	Other fractures not elsewhere classified	Fingers	2020/21	
Lifting furniture/ table on last day of school for carpet cleaning	Trauma to tendon	Forearm	2020/21	
Unloading baggage from under the school bus	Trauma to muscles/tendon unspecified	Lower back	2020/21	
Student is quite unpredictable, wasn't close to him but away from him to ensure he was fine when walking in the school. Had to make sure school gate was closed so he wouldn't run off. He turned around with the pen unpredictably, trying to stab me and slash me across the arm, with a texter. Got me on stomach and underside of arms. Gave me s.47(3)(b) - Contrary to Public Interest	Anxiety/stress disorder	Psychological system in general	2020/21	
Student pulled & Pushed arm, punched & spat	Soft tissue diseases due to non-traumat	Shoulder	2020/21	
Was kicked on the back of s.41 ankle by a child	Unspecified injuries	Ankle	2020/21	

Accident Description	Injury Nature	Injury Location	Incident Year	Region
<p>whole day was just a lead up to this incident. This particular student had been having difficulties with him during the day. Allocated to him for the day, new for teacher and myself. s.47(3)(b) - Contrary to Public Interest</p> <p>onto the ground by the hair and was punching her into the face. Took the boy off her and other staff tended to her. I hold him and his fists and no reaction from the student. Walked with him all the way to the classroom, but no emotion following that event from that student. Frightened that student didn't show any remorse or emotion on what they did. Boy was a s.47. Reported to Dept. Principal on DOI.</p>	Anxiety/stress disorder	Psychological system in general	2020/21	s.47(3)(b) - Contrary to P
<p>Assaulted by student during play in class; student hit W with table and a chair, W used arm to protect himself</p>	Soft tissue diseases due to non-traumati	Wrist	2020/21	
<p>Found out today that there was a leaking pip in the boys toilet and pool of water that I slipped on. I was doing a of toilet</p>	Laceration not involving amputation	Head - unspecified locations	2020/21	
<p>Continually bullying/harrassment/controlling intimidating behaviour from a staff member who of a higher level using her powers to manipulate and intimidate others.</p>	Anxiety/stress disorder	Psychological system in general	2020/21	
<p>Teaching class</p>	Trauma to joints/ligaments unspecified	Foot	2020/21

Accident Description	Injury Nature	Injury Location	Incident Year	Region
Walking on footpath - tripped and fell onto outstretched hand Injured [redacted] ankle while coming off a wet surface at work - slipped was walking past the tennis court. A ball was hit over the fence by students who asked me to retrieve the ball to throw back at them. Upon throwing ball over the high fence, my [redacted] shoulder was sore immediately. I am a teacher. [redacted] years ago, a couple of students took a disliking to me and made up some proven false stories about me that were inappropriate and tarnished my reputation. These rumours circulated around the school with very little being done to stop the spread. This has been ongoing for the entire [redacted] years. In recent weeks, the stories have really kicked off with a number of students talking and spreading more lies.	Soft tissue due to trauma/unknown mech. Trauma to joints/ligaments unspecified Bursitis	Wrist Ankle Shoulder	2020/21 2020/21 2020/21	s.47(3)(b) - Contrary to Public Interest
tripped on books in reading room at school Verbal assault by pupils was sitting on a [redacted] chair. I was sitting with my teacher for 10-15mins as we were having a meeting. As I went to stand up from sitting on the chair to straight upright felt pain in my lower back. a student threw a water bottle which hit the back of her head and [redacted] side of neck.
