

Right to Information Application Reference Number: 340/5/3102

## Response

1. *separately for each financial year from 2009 to 2013, the number of break and enter incidents at schools and the total cost of claims made by schools as a result of break and enter incidents*

### Total break and enters reported through State Government Security

Financial Year	2009/2010	2010/2011	2011/2012	2012/2013	2013/2014 YTD
Number of incidents	710	608	577	673	169

### Resource Replacement Scheme (RRS) claims for losses as a result of break and enter or malicious damage

Financial Year	2009/2010	2010/2011	2011/2012	2012/2013	2013/2014 YTD
Number of claims	428	377	318	273	15
Costs	\$433,230.59	\$519,533.70	\$380,263.83	\$325,078.34	\$33,214.71

- Based on claims made to the Resource Replacements Scheme as at 8/11/2013
- Not all break and enters result in a claim being made to the Resource Replacement Scheme.
- Schools have 3 months from the date of the incident to lodge a claim

2. *separately for each financial year from 2009 to 2013, the number of vandalism/malicious damage incidents at schools and the total costs of claims made by schools as a result of incidents of vandalism/malicious damage;*

### Total vandalism and graffiti incidents reported through State Government Security

Financial Year	2009/2010	2010/2011	2011/2012	2012/2013	2013/2014 YTD
Number of incidents	1167	817	768	887	325

### BAS (QBuild) Intentional Damage Rectification

Financial Year	2009/2010	2010/2011	2011/2012	2012/2013	2013/2014 YTD
Number of work requests	3229	2738	1885	1538	208
Costs	\$2,104,321.00	\$1,907,422.00	\$1,446,530.00	\$1,439,957.00	\$158,171.00

- The costs data has been extracted from BAS unplanned maintenance report as at 18/10/2013
- Not all intentional damage is repaired/rectified by BAS and therefore total rectification costs are not collected centrally.
- School officers may repair/rectify some intentional damage particularly graffiti damage which may be cleaned off or painted over by cleaners or grounds staff.

3. separately for each financial year from 2009 to 2013, the number of arson incidents at schools, broken down by the number of reported cases and major arson incidents, and the cost of claims made by schools as a result of arson incidents

### Arson incidents in schools

Financial Year	2009/2010	2010/2011	2011/2012	2012/2013	2013/2014 YTD
Number of incidents	75	47	48	40	6
Major incidents (over \$2000)	13	11	8	18	1
Costs	\$21,214,484.01	\$8,653,947.81	\$4,771,980.93	\$2,996,934.07	\$381.00

- Costs based on data available as at 8/11/2013 and includes estimates until final costs are determined.
