Information to Consider:

This data shows what the school has entered in OneSchool for the question on Religion on the enrolment form.

If parents leave the religion question blank the school should select "No Religion nominated (e.g. Atheism; Humanism; section left blank etc.)". However if the school does not do this it will be shown in the section "No Religion Recorded in OneSchool"

To see what religion was identified on enrolment the completed enrolment form would need to be accessed from the school.
