Hi Geoff,

Rosella Park Special School requires funding assistance to purchase the Throne Accessories to fit their disable toilet to A Block as the existing toilet pan is too high for their current students to use this toilet. The OT has outlined the below issues (below email) with this existing toilet and relates this back to Australian Standards.

Seeking your approval to gaps the school \$980 from the Region's Minor Works Program.

Thanks,
Mick.

Hi Mick

Thanks for the visit on Friday – really appreciated it!!

Just following on from our toilet conversation....

Please see below an email our OT sent me re the junior toilets and Australian standards.

A possible solution is pictured in this link - http://www.throne.com.au/children_toilet.html

This would be a much cheaper alternative than looking at a new pedestal and plumbing I would imagine??

I have attached a quote, although we would need 2 steps, not one, so that quote would be \$980.

Where to from here??

Thanks
Kate

Subject: Classroom refurb A Block

Hi Mick

We can take some existing furniture for the students in the room as we already have some specific. We will need to purchase the following items:

- 2 x felt boards
- 1 x IWB
- 1 x whiteboard
- 1 x teacher desk
- 2 x height adjustable tables
- 3 x wheelie stools for staff
- 1 x height adjustable change table
- 3 x bean bags

Due to the nature of the class, and the high support needs, the usual furniture is not sufficient. I would estimate the above to come to approx. \$10,000.

Do you need anything more specific than this?

Thanks

Kate

To: HOHNKE, Mark
Subject: DET Loans Equipment
Importance: High

Hi Mark,

I've been speaking with Sharon Dray about some equipment troubles I've been having and she suggested I ask you whether we are able to purchase another item of equipment out of the Student Services funds held at Gabbinbar SS.

The issue I have is that there is a DET owned Leckey Mygo Stander currently on loan at Stanthorpe State School and unfortunately, the pelvic belt on the stander has become too small for the student who is using it. Everything else fits well with room to grow, but the pelvic belt size means we soon won't be able to safely use the stander anymore. I spoke to the supplier, and they have a larger pelvic belt available a [RTI Act - contra](#) including freight (quote attached). I've searched the database for another stander that would work, but there appears to be nothing available. I can see that extending the life of this current stander with an extra belt would be a lot better option than the school, family or region having to source a whole new stander.

Is this something that could be purchased by DET and added to our loans pool?

Any advice would be greatly appreciated.

Kind regards,
Jolene

Subject: RE: DET Loans Question

Hi Rineke

I wouldn't see a problem with this.

There are some funds that we have based at Gabbinbar State School for the purpose of loans equipment that would cover this. Could you and Jolene link in with Sharon Dray (MSSWD admin and our current loans administrator) re the purchase of this? Is a second quote available? If not that's ok – contact Sharon and she will liaise directly with Gabbinbar to pay the invoice once it is received.

Hope that convoluted process makes sense!

Regards

Subject: DET Loans Question

Hi Rineke,

I have a student in RTI Act - contra who is currently using a Size 3 Kaye Walker from the DDSW Equipment Loans Pool. The school and parents have recently been asking me about options for walkers that are more all-terrain, as the Kaye Walker doesn't allow the student to go on the school oval or any uneven surfaces, and we'd like her to be able to participate in more PE and whole school sport activities with her peers.

I did some investigating and found that 78b(2)(e) of the RTI Act have "all-terrain" wheels that can be added to a Kaye Walker. I received a quote and they cost RTI Act - contra including freight. I was just wondering whether this is something that DET could fund to be added to the Kaye Walker on loan. I know budgets are tight, but couldn't hurt to ask!

We are also looking into other options for the family to fund this themselves, but their CAEATI funding has pretty much run out with other equipment they have purchased.

Any thoughts would be greatly appreciated.

Kind regards,

Jolene

Subject: FW: New SWD Loans items

Dear Chris,

Yes, as per email 25.09.14 below, much of the equipment requested was ordered, has w been processed, labelled, etc and is ready for loan. In addition to items below, the 2 Throne toilet arms/surrounds/steps eventually arrived after considerable chasing.

As per email 16.09.14, I can confirm no detailed quote was received for this item prior to the last purchasing round. This may be an item your team wish to advocate for in the 2015 purchasing round. As of the RTI Act - contrary to th next year, I anticipate Mark and the team will perhaps need to be in contact with you more regularly in your regional rep. role for the SWD Specialised Loans Equipment group.

Please refer to the attached version of the **SWD specialised loans equipment tracking spreadsheet** and share with your AVT-PI team, however, a OnePortal version will be available for the commencement of 2015, so that other school staff may be referred to a locked 'point in time' version

Subject: New SWD Loans items

Dear Colleagues,

Please be aware the items below from s 78b(2)(e) of the RTI Act (requested from your professional groups) have now arrived and form part of the DDSW Regional SWD Loans equipment.

They won't be on the database just yet until Sharon RTI Act - contr however I am aware some of you have been keen and awaiting trial for a while

- s 78b(2)(e) of the RTI Act Primary Sized Adjustable Chair: s 78b(2)(e) of the RTI Act each; Pelvic and Shoulder Strap (s 78b(2)(e) of the RTI Act each); Head Rests (s 78b(2)(e) of the RTI Act each) Foot plate (s 78b(2)(e) of the RTI Act each). Sliders (s 78b(2)(e) of the RTI Act each)
- s 78b(2)(e) of the RTI Act Cut-out table (750mm X 750mm): s 78b(2)(e) of the RTI Act each; tote tray (s 78b(2)(e) of the RTI Act extra); Pin adjustment (for height adjustability) - s 78b(2)(e) of the RTI Act
- s 78b(2)(e) of the RTI Act Toilet Step (s 78b(2)(e) of the RTI Act)

If you have a need please submit Loans form using items descriptor (versus id number) asap, so that equipment can go out to your students/schools prior to transferring to storage.

Sincerely,

Liz Hinder | A/Principal Education Officer – Student Services
& Senior Advisor-Occupational Therapy – Darling Downs South West Region

Item long text

„The 3 in 1 Rail is designed for safety and comfort and benefits a range of users from the average build to the larger build persons. This Rail enables the user to have support close to the body, where it is most needed. The user is able to lower safely onto the toilet and pushing up from the seat is also much easier. The Rail is safer than over frames as it is rigidly fixed to the toilet pan, and also does not need to be removed for other users. The handles can also be folded down in order to facilitate a wheelchair transfer. Additionally, either one or both handles can be removed to suit some requirements.

2

Children's Step

Step

01.09.2014

Section 47(3)(b) of the RTI Act - contrary to the public interest

Item long text

The Children's Step has been developed to assist children access the toilet with more independence, when used in conjunction with the Throne Toilet Rail. The Step is attached to the side brackets of the Rail, and can fold up against the front of the pan when not in use. The Step is height adjustable and will fit all Throne Adult and Children's Toilet Support Rails.

As per Quotation No. KW140815

Total value:	560.00 AUD
Tax amount:	0.00 AUD

Item	Reason/Rationale for recommending this equipment	Supplier	Cost
Microlight switch	We don't have one in the loans pool and we are getting more high physical needs students that can't access switches that require more pressure to activate		
Felxzi Mount – Large with clamp	These are more versatile switch mounts that find the best position for switches and are easy to use		
Flexzi Mount – Medium with clamp	These are more versatile switch mounts that find the best position for switches and are easy to use		
Big Macs	We don't have any in the loans pool and these are handy for trial with students with high physical needs that are non verbal.		
Invacare – Aquatec Ocean Dual VIP (Tilt in Space Commode)	Currently there is no tilt in space commode available in loans. As it is an expensive piece of equipment it needs to be trialed for an extended period of time to assist schools in identifying the benefits of tilt in space, to consider purchasing and budget for. I have recently worked with two students who are difficult to position one is difficulty to position due to high extensor tone and the other student is difficulty to position as he is overweight.		
Leckey Mygo Supine Stander Size 1	Due to H&S manual handling concerns more students are requiring to be hoisted into a supine stander. These students were previously assisted to stand into a prone stander which required significant manual assistance.		
Toilet Step Around the toilet step with adjustable height rails 	Growth in student numbers (Pine Rivers Special) has resulted in need for more supportive toileting equipment. Junior students are required to access adult size toilets. Several of these junior students have physical impairments		
  2 x Outdoor Blocks - Full size Enclosed 560 long, 280 wide, 140 high	Blocks are needed in toilet cubicles so that small students have their feet supported (Pine Rivers Special School)

Subject: RE: equipment numbers

Thanks Danielle,

I'm sending this on to Meg Williams at Caboolture Special School who will receive the Mygo stander. Meg before it starts being used, could you have this marked by your admin person in whichever way is long-lasting? I think on the main frame of the stander we should also mark North Coast Region. Meg would you let myself and Danielle know when it arrives?

Many thanks

Cath

Subject: equipment numbers

Hi all,

I have devised numbers for the new equipment based on the codes used for ordering the items. If you can see problems with this let me know. This is what I have come up with:

Aquatec Ocean Mobile Commode – 1470077

Armrest Lock – 1470077a

Chest Belt – 1470077b

Pelvis Belt – 1470077c

Soft seat – 1470077d

Mygo stander – 479335

Cover pack – 479335a

Shoulder Pad – 479335b

Shoulder Pad cover – 479335c

Swing Away Chest Lateral Pads -479335d

Sz 1 Chest Wraparound harness – 479335e

Sz 1 Supine Derotation hip belt - 479335f

Split knee straps – 479335g

Tray bowl – 479335h

Sz 2 sandals – 479335i

Contoured headrest and mount – 479335j

If you think this will work could you ask the PTs and OTs receiving the items to mark them as soon as possible on arrival.

Regards,
Danielle

Prone Configuration

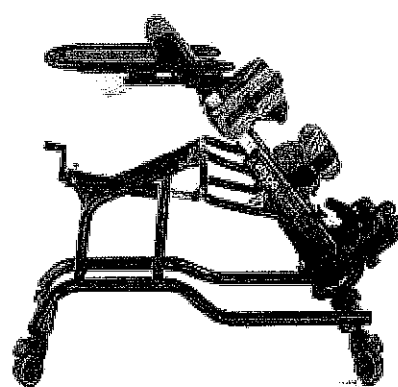

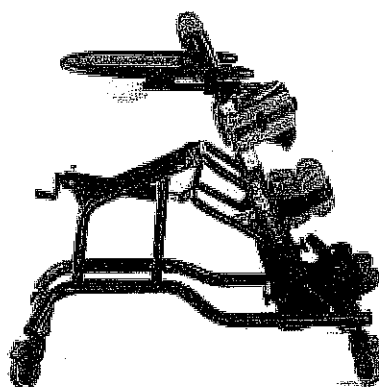

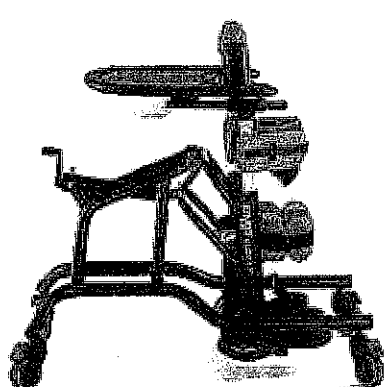

1. The ergonomically designed chest pad replicates the shape of the rib cage allowing the shoulder girdle to freely protract and retract in prone standing, improving upper body function.
2. Breathable, machine washable, colourful covers fit over the wipe clean PU supports.
3. The pelvic de-rotation belt enables the therapist to position the client's pelvis in a central and neutral position with minimum effort. A gluteal prompt provides a proprioceptive sense of security to the client.
4. Flexible hip laterals (not visible) provide proximal support to the pelvis and ensure the user remains in a central position.
5. The height adjustable knee supports are available with a range of tibia straps. Their V-shaped design ensures a wide range of knee shapes and sizes can be accommodated in comfort while distributing the pressure.
6. Optional sandals can be positioned on the footplates to individually accommodate a range of foot positions. Sandal raisers are available to adjust for leg length discrepancy if required. The medial/lateral and anterior/posterior positioning of the sandals can be individually adjusted.
7. The adjustable footplates with non-slip surface are linked to and move with the knee supports, which maintains the angle between the feet and the knees as the footplates move relative to the hip support. This means that the Leckey Mygo Stander can be used by children with AFOs. The footplates can also be adjusted individually to accommodate up to 10° plantarflexion or dorsiflexion.
8. Lockable castors make the lightweight chassis easy to manoeuvre around the therapy room, school or home environment.
9. The tool free adjustments are easy and intuitive.
10. The pivot point of the lightweight chassis lies close to the client's centre of gravity allowing the frame to be smaller and more mobile around the therapy room, school or home.
11. The soft PU hip pad is height adjustable.
12. The soft PU tray with interchangeable inserts is height and angle adjustable and can be adjusted to a low position with close proximity to the user to encourage upper limb movement.
13. The optional posterior support pad gives the child the maximum feeling of security and support when standing in prone. It includes a pommel and hip laterals.

5. Height adjustable knee supports

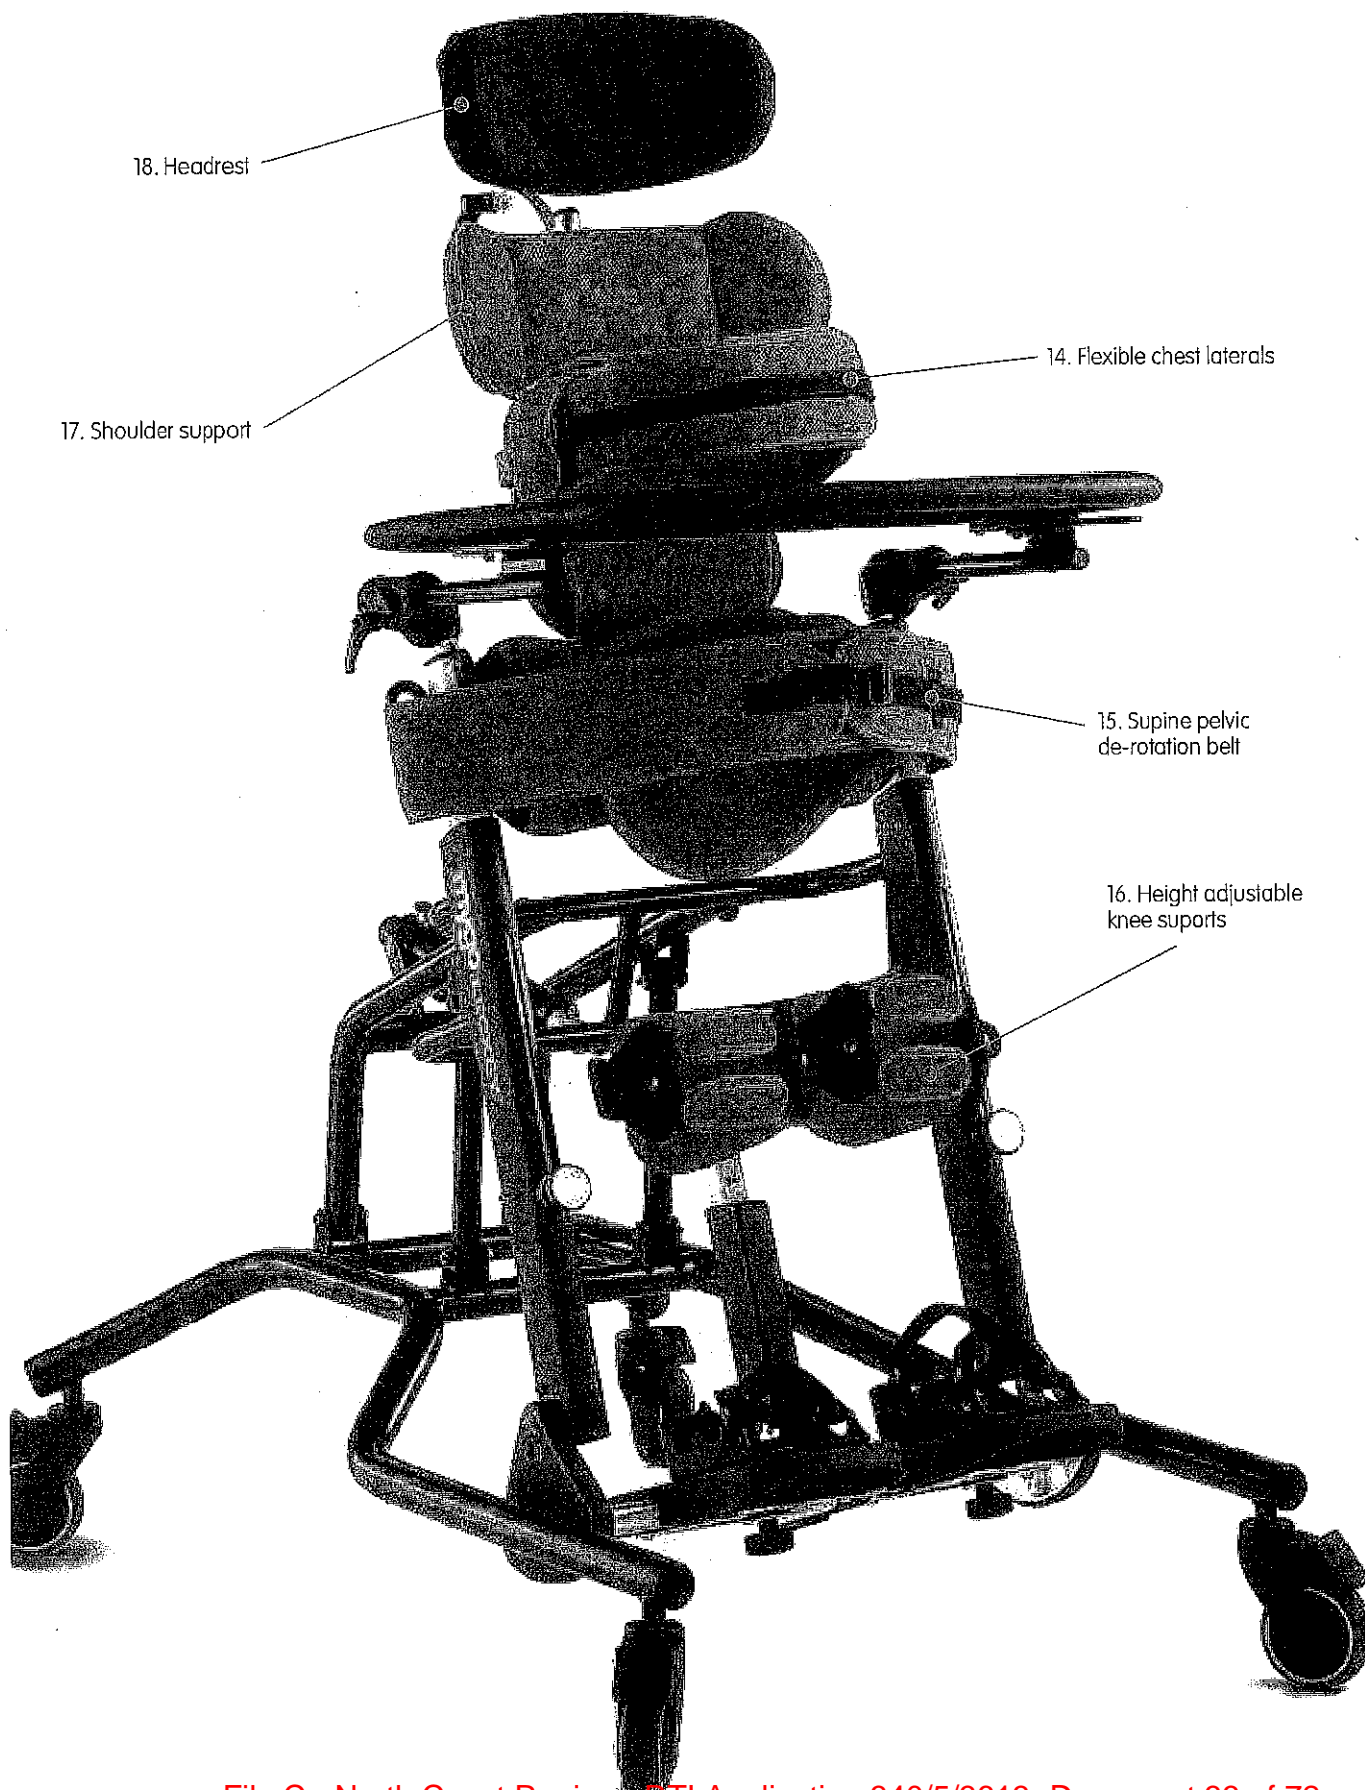

13. Optional posterior support pad

Prone angle can be changed from 0° to 80°

Supine Configuration

14. Wraparound flexible chest laterals support the upper body in either prone, upright or supine standing with minimum obstruction.

15. The pelvic de-rotation belt enables the therapist to position the client's pelvis in a central and neutral position with minimum effort. A gluteal prompt provides a proprioceptive sense of security to the client.

16. The height adjustable supine knee supports are attached using a buckle mechanism and have split straps which self align above and below the patella. Basic knee straps can also be used in supine.

17. The wings on the contoured shoulder support can be angle adjusted to provide shoulder protraction. This brings the hands to midline which increases upper limb and hand control for improved function.

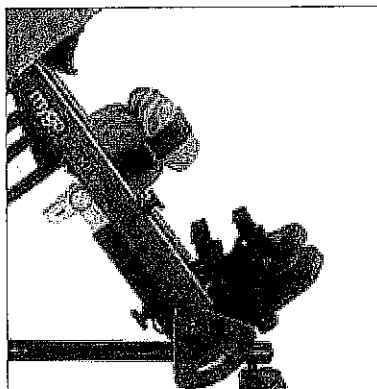

18. The headrest support bracket is compatible with a range of head supports, including our own custom-designed wide headrest.

19. Through the adjustment of the swinging footplate, plantarflexion/dorsiflexion and depth adjustment of the PU knee supports, the Mygo Stander can accommodate up to 25° of contractures both in prone and supine.

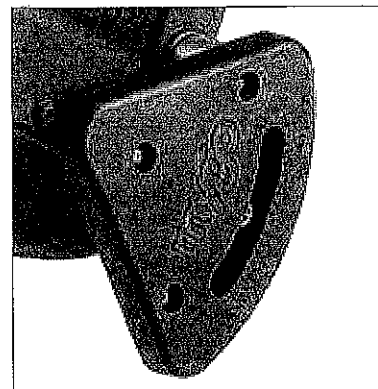

20. The easy-to-read knee and footplate angle indicator allows records to be kept of each child's individual requirements.

21. The manual angle adjustment mechanism allows an infinitesimal range of angles from upright to 10° from horizontal. The adjustment is smooth and can be made with the child in the product.

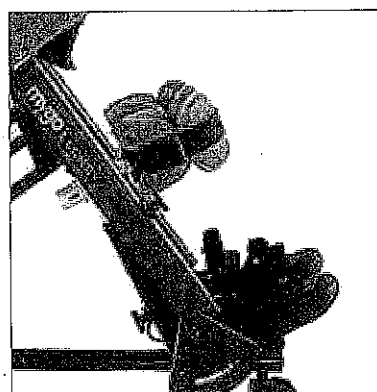

22. The easy-to-read stander angle indicator allows standing programmes to be recorded and repeated for each client.

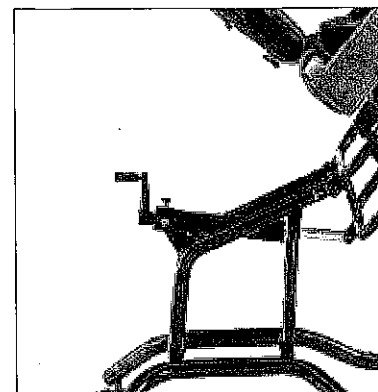

19a. Range of angles to accommodate contractures

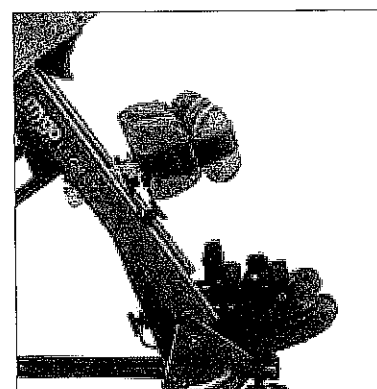

20. Knee angle indicator

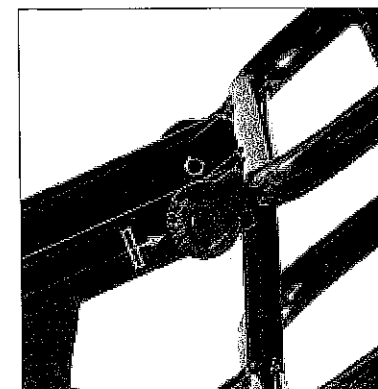

19b.

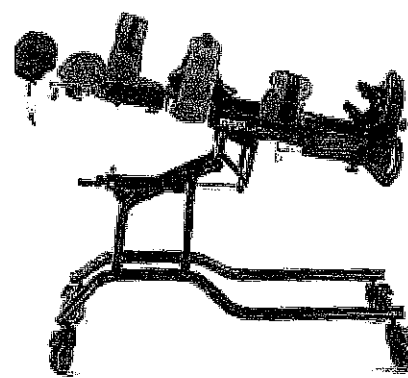

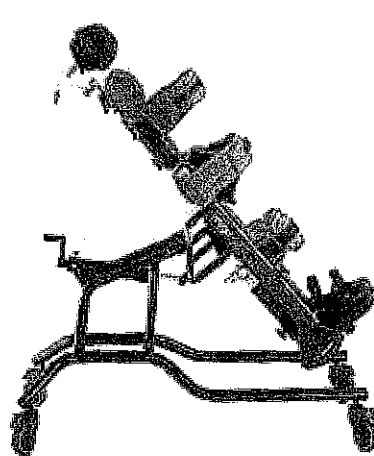

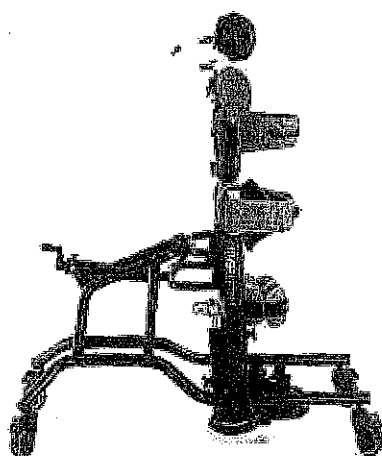

21. Manual angle adjustment

19c.

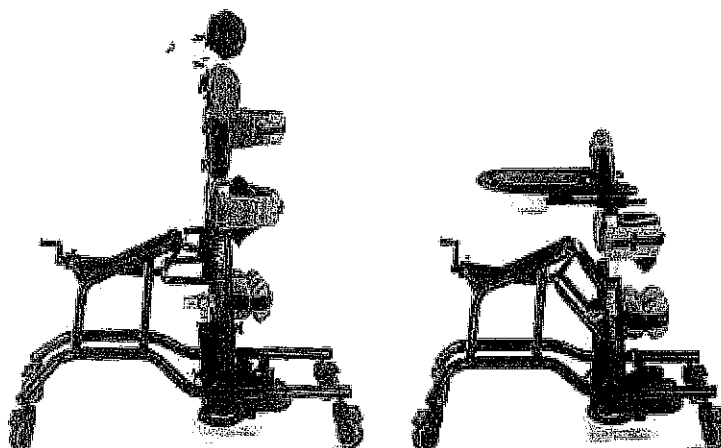

22. Stander angle indicator

Supine angle can be changed from 0° to 80°

Established in 1983, Leckey is a globally recognised pioneer in the research and development of products that help adults and children with disabilities to go, do, enjoy and participate in everyday activities throughout the day and night.

We take a highly clinical approach to product design and development. Through in-depth clinical research studies with leading universities, and extensive trials with occupational therapists, physiotherapists, users and their families, we continue to develop posturally supportive, family friendly products for all day care, at every stage of life.

Through early intervention, childhood and adulthood, Leckey's experienced team of designers, therapists and bioengineers work together to develop products that meet the clinical needs of the healthcare professionals and the social needs of the user.

To achieve this, we work with the healthcare professionals, the individuals and carers who use our products every day. With their help, we create the dependable, durable, proven and high performance products that we are known for worldwide.

24 hour postural
care for babies,
kids & adults.
Sleeping, Sitting,
Standing, Walking,
Moving, Bathing,
Toileting.

3. ALTERNATE SOURCING STRATEGY

WHAT ARE THE SUPPLIER OPTIONS FOR THIS PURCHASE? Sole suppliers for each item.

WHY IS THIS THE BEST SOLUTION? ¹ Sole suppliers and Qld distributors of the products.

WHO IS THE RECOMMENDED SUPPLIER? CAP Educational Pty Ltd; Austech Medical Pty Ltd; Aidacare Pty Ltd

4. APPROVAL

☒ **PURCHASING DELEGATE** (up to \$20,000, seeking less than the minimum number of quotation requirements)

The alternate sourcing strategy is ☐ **SUPPORTED** ☐ **NOT SUPPORTED**

COMMENTS: <Provide comments on your support or non support and any additional information for procurement delegate approval (if req'd)>

Name	Signature	Position	Date
------	-----------	----------	------

☐ **PROCUREMENT DELEGATE** (over \$20,000, seeking less than the minimum number of quotation requirements)

The alternate sourcing strategy is ☐ **SUPPORTED** ☐ **NOT SUPPORTED**

COMMENTS: <Provide comments on your support or non support and any additional request for further information (if req'd)>

Name	Signature	Position	Date
------	-----------	----------	------

GUIDELINES: This form is used to record the justification for seeking less than the minimum quotation requirements in the Request for Quotation Process as permitted by the department's Purchasing and Procurement procedures. Approval of an alternate sourcing strategy does not preclude the requirement to consider risk, seek quotes/offers and evaluate to ensure value for money. This document must be filed with the purchase details to provide a written justification for the decision and as a record for audit purposes.

For purchases up to \$20,000, a Purchasing Delegate may approve an alternate sourcing strategy.

For purchases over \$20,000, a Procurement Delegate approval must be obtained. Prior to submitting to the Procurement Delegate, the local Purchasing Delegate should review the request to confirm the proposed strategy is the best solution to achieve value for money and is justified and defensible. Send request to Procurement.Corporate@dete.qld.gov.au or phone 1300 366 612 for assistance. Corporate Procurement Branch will endeavour to provide a response within 2 working days of receipt. Record of approval for purchases over \$20,000 is to be placed on TRIM Corporate file 200/1/213.

¹ Attach or TRIM reference any supporting documentation to assist the purchasing/procurement delegate to make an informed decision.

Hi Jeff,

Please see attached PF002 and the successful quote.

Could you request that the item go directly to **Kate Eunson at Morayfield State High School** but that the invoice come to us? It says Jinibara SS on the quote because the AVT there did the ringing around for me but it is definitely to go to Morayfield SHS.

Many thanks,
Danielle

Subject: RE: loans

Thanks Andrew,

I've just made a small purchase through Jeff – adjustable chair. Will plan to buy a new hoist (or two) for transitioning students from wheelchair to toilet etc. This will be quite costly but the adjustable chairs and hoists are always in demand.

Regards,
Danielle

Hi guys

Thanks for this Danielle.

Section 47(3)(b) of the RTI Act - contrary to the public interest

7(3)(b) of the RTI Act - contrary to the pub

Tracey, can you please liaise with Danielle and arrange the invoice/sweep (and relevant comms with Narbethong State Special).

Thanks

Andrew

Hi Wendy and Andrew,

There is another \$8000 coming to North Coast region for purchase and upkeep of loans equipment. This will go to Internal Order for the RMSP - Specialist Support Equipment 80017859. Kerry Tait requests an invoice be sent for the transfer of the \$8000, see email below. Andrew, for your direction please.

Regards,
Danielle

Hi Wendy,

I have a quote to order another adjustable chair – preschool size. It is an in-demand item on the regional loans and all chairs are currently in use.

With your approval I will go ahead with this order.

Regards,
Danielle

Subject: FW: Glide Anti tips
Attachments: Anti tip wheels for wheelchair.pdf

Hi Carolyn,

I had to borrow a wheelchair for a student from the loans equipment pool and it did not have anti-tip bars/wheels. So I ordered some through a local company (see below) and they have to come from Perth. I have attached a requisition and the invoice.

I spoke to Danielle Mahoney and she said that if it can be paid by the school and then if you invoice District Office they will refund the amount.

Kind regards
David
