

The Department of Education (the Department) is responsible for regulating early childhood education and care services.

These services are delivered by either private or community based organisations who are responsible for making decisions about their operations.

In cases where a service provider has made a decision to change its operating hours or days, the Department encourages them to work with families to identify alternative services.

The Australian Government website www.mychild.gov.au also provides families with access to information about education and care services in their local area which, in many cases, includes vacancy and fee information.

Approved Providers of the following services have notified the Department that they will not be operating for the identified period(s) during the Commonwealth Games.

This list is current as **21 March 2018** and will be updated every Wednesday at 4 pm.
