

2021 Early School Leavers survey questionnaire

Intro

The Early School Leavers Survey focuses on young people who left school before completing Year 12 in Queensland in 2020. The survey asks what you are doing now in terms of study, employment or other life choices.

This will provide useful information to educators and government to help understand the transition of students from school to further study and employment. We respect your privacy and your answers are strictly confidential. No information identifying you will be passed on to any other organisation. Statewide, regional and sector reports will only contain summarised information. The information is being collected by the Queensland Government Statistician's Office and is protected by the Statistical Returns Act 1896.

Before we begin, I should stress that all your answers are strictly confidential. If there are any questions you would rather not answer, just say so. Some calls are monitored by my supervisor for training and quality purposes.
