We are committed to assisting to deliver the Queensland Government’s objectives for the community:

- Creating jobs and a diverse economy
- Delivering quality frontline services
- Building safe, caring and connected communities
- Protecting the environment

Our commitment

We will advance Queensland through a world-class education system that supports students to develop the knowledge, skills and qualities they need for the future.
Our priorities
By working together and focusing on our priorities we will lift outcomes for Queenslanders

Early years
- Children engaged in quality early years programs and making positive transitions into school
  - Strong connections between home, early childhood services and school
  - Engaged parents and carers involved in their child’s learning and development
  - Increasing vulnerable children’s participation in early education
  - Providing innovative options for quality early childhood programs in rural and remote communities
  - Continuous quality improvement through effective regulatory practice and performance reporting
  - Integrated early childhood services across community and government agencies
  - Investment in evidence-based programs to support early learning and development

Schooling
- Students engaged in learning, achieving and successfully transitioning to further education, training and work
  - Successful learners supported to achieve their learning goals
  - Schools improving learning outcomes by focusing on the progress of every student
  - Embedding digital literacy and innovating the teaching of science, technology, engineering and mathematics
  - Globally connected students through languages and cultural experiences
  - Teachers using high quality, evidence-based teaching practices
  - School leaders driving school improvement and student achievement
  - Schools using local decision making to engage communities and deliver accountability
  - Independent reviews informing school improvement

Training and skilling
- Queenslanders skilled to participate successfully in the economy and the broader community
  - A strong economy through prioritisation of skills and training funding and incentives
  - Queenslanders supported to enter the workforce through targeted skills programs
  - TAFE Queensland providing sustainable and responsive training services
  - Informed students making successful skilling and training choices through expanded pathway options
  - Industry partnerships to identify skilling needs and prioritise training
  - Quality training supporting entry into the workforce through effective monitoring of Registered Training Organisations

Supporting services
- Empowered staff, working together to deliver high quality customer outcomes
- A skilled and capable workforce now and in the future
- Safe, healthy and inclusive workplaces
- Strengthened community partnerships and engagement
- Strong relationships across sectors, agencies, portfolio bodies and jurisdictions
- Regions working collaboratively with each service to deliver improved outcomes
- Planned and targeted investment to maximise outcomes
- Fit for purpose and future focused infrastructure
- Collaborative policy development
- Continuous quality improvement through evidence-informed practices
- Good governance and accountable decision making
