Cross-Sectoral New Schools Demand Mapping 2026 to 2046

Queensland Government Statistics Offices (QGSO) supplied student age projections, 2023 Edition.
<https://www.qgso.qld.gov.au/statistics/theme/society/education/projected-school-aged-persons>

Redland City Council Friday 15 March 2024

New government and non-government schools that may be required

SA2 or Cluster	2026 to 2036		2036 to 2046	
	Primary	Secondary	Primary	Secondary
Redland Bay SA2	0	0	0-1	0-1
Cleveland SA2	0	0	0	0
Southern Moreton Bay Islands (SMBI) SA2	0	0	0	0
Thorntlands SA2	0	0	0	0

New school recommendations reflect the potential need of new state and non-state primary and secondary schools based on an assessment of the 2023 edition Queensland Government population projections, local advice on population growth and available capacity within the existing school network. The growth SA2s, shown above, were selected for detailed assessment during the Demand Mapping Meeting. Areas for assessment are comprised of one or more Statistical Areas Level 2 (SA2s) which are established by the Australian Bureau of Statistics and are the smallest statistical area commonly used for a range of statistical information including population projections. Population projections used to inform this assessment are prepared by the Queensland Government Statistician's Office and can be accessed [here](#).
