

Cherbourg

Planning new educational buildings and spaces for Cherbourg State School

Cherbourg State School – image by the Queensland Government

The Cherbourg Aboriginal Shire Council, together with the Queensland Government, would like to hear what you think about plans for Cherbourg State School

Discrete Communities Infrastructure program

Improving schools for Aboriginal and Torres Strait Islander communities.

The Discrete Communities Infrastructure (DCI) program is a Queensland Government (government) program which provides funding to better plan, improve and build educational buildings and spaces by co-designing them with Aboriginal and Torres Strait Islander communities.

The Cherbourg DCI co-design program

For the past 12 months, the Cherbourg Aboriginal Shire Council members and key school community members have been working with the DCI team to co-design a master plan and identify key projects for Cherbourg State School.

Next steps:

1. Agree on and endorse:

- The master plan
- A list of prioritised projects, categorised into short-term, medium-term and long-term plans

2. Seek funding for the prioritised projects.

Cherbourg State School master plan

Key

 Cherbourg State School

POTENTIAL SHORT-TERM PLANS

- 1** New Buwu building
- 2** New outdoor learning space
- 3** New drop-off/pick-up zone
- 4** New elevator in Block A

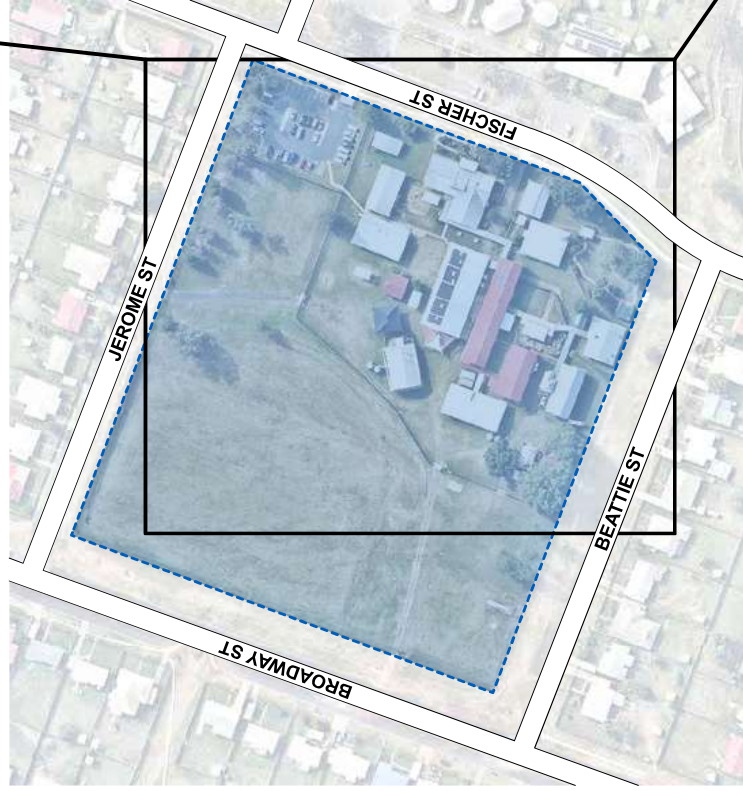

POTENTIAL MEDIUM-TERM PLANS

- 5** New covered multi-purpose area
- 6** New prep building
- 7** Block F to be demolished
- 8** New community and parents' space
- 9** Block D to be renovated

POTENTIAL LONG-TERM PLANS

- 10** New kindergarten building
- 11** Block B to be demolished
- 12** New general learning building
- 13** Block K to be relocated
- 14** Block K new location

Note: All proposed projects (except the Buwu building) are unfunded
