Your opportunity

As the Senior Physiotherapist (Clinical), you will:

- Support other physiotherapists within your region to use complex, clinical evidence-based physiotherapy to achieve student learning outcomes.
- Provide professional leadership and high levels of expertise in specific or specialised clinical aspects of school-based physiotherapy services to others across the department

The Senior Physiotherapist reports to the base school Principal for operational and administrative matters and to the Senior Advisor, Physiotherapy on all professional practice and clinical matters.

Your role

Appointments in the public sector are merit-based and will be assessed by looking at what you have done previously—the knowledge, skills and experience you have built, your potential for development, and your personal qualities.

Responsibilities include:

- Support students to achieve their potential using evidence-based contemporary physiotherapy knowledge and frameworks to assist schools to identify and make reasonable adjustments and implement inclusive teaching strategies.
- Provide services of a complex and varied nature where principles, procedures, techniques or methods frequently require adaptation or modification with clinical decisions based on valid and reliable evidence.
- Collaborate with schools, the designated supervising Physiotherapist and other services to assess barriers to student learning, and develop and implement physiotherapy services and interventions across schools, including complex and specialist interventions where required.
- Participate as a member of the school team, in the planning and management of at risk behaviours of students with the aim of preventing the use of restrictive practices, and where permitted the prescription of mechanical restraint in accordance with the department's Restrictive Practices procedure and associated guidelines.

- Provide training and support to other state school physiotherapists to build capacity and promote and ensure best practice in physiotherapy service delivery.
- Participate in service planning at a whole school and regional level.
- Provide professional advice to the Principal Advisor, Therapies and Nursing, schools, and other stakeholders on policies, systems and practices related to the delivery and continuous improvement of physiotherapy services within schools.
- Provide expert clinical advice to others across the department on specific or specialised clinical areas of physiotherapy.
- Lead and participate in the development, implementation, evaluation and monitoring of governance processes within schools and regions.
- Facilitate group supervision on clinical topics.
- Lead and conduct specialised projects and innovative research activities relating to the delivery and continuous improvement of physiotherapy services within schools.
- Maintain effective communication and collaboration networks with school and regional team members, including physiotherapists, to facilitate knowledge and resource sharing of specific or specialised clinical areas of physiotherapy.
- Prepare written papers and reports, maintain records as required by the department and present papers and reports relating to the department's physiotherapy services internally and in external forums as required.
- Represent the department on committees and at a variety of forums on issues relating to physiotherapy including, with interdepartmental committees, service providers, professional associations, educational and tertiary institutions and community representatives.
- Maintain currency of high level knowledge and skills relating to the department generally, and the provision of physiotherapy services in education.
- Supervise university students, and provide mentoring for physiotherapists providing student clinical placements, as required.

Other responsibilities (as required)

- Other suitable duties, consistent with the duties and responsibilities of the position as directed by the supervisor or nominated delegate.

A mandatory requirement of this role is:

- Possession of a degree in physiotherapy from a recognised tertiary institution, or other equivalent formal qualifications which, in the opinion of the Director-General, Department of Education, or delegate, are acceptable.
- Current registration with the Physiotherapist Board of Australia (Australian Health Practitioner Regulation Agency).
- In accordance with the [Working with Children \(Risk Management and Screening\) Act 2000](#), registered health practitioners working within their professional capacity must hold valid registration with the Australian Health Practitioner Regulation Agency at all times during their employment for the purpose of satisfying the exemption requirements of the Act.

Competencies – How you may be assessed
